## APPLICATION

1. The applicant makes application for: Request to set aside decision by city of Ottawa to close complaint.
2. The grounds for the application are:

### **I. Correctness**

The Emergency Shelter Standards, Page 2, requires the City of Ottawa (in the purchase of service agreements subsidized by the city of Ottawa) to ensure compliance of the Emergency Shelter Standards.

The complaint was not investigated and case was closed without action.

### **II. Reasonableness**

It was not fair or reasonable to refuse to correct the serious health issues I describe in my complaint. Furthermore, Salvation Army refused me services permanently after my filing complaint and endorsed the decision to have me removed as a result of the my complaint. The offer to go to another shelter without ensuring the safety of this one is patently unreasonable, as I presume they take the same fair approach to monitoring other shelters with regard to their adherence to the Emergency Shelter Standards as well.

Currently the City of Ottawa is arbitrarily refusing to pay my shelter allowance for a room that I am attempting to secure. No valid reason was given, so I presume it is an act of retaliation for filing my complaint.

3. The following documentary evidence will be used at the hearing of the application:
  1. Affidavit of Sean von Dehn dated January 25, 2019.
  2. The Emergency Shelter Standards, Page 2, **Purpose** (of Emergency Shelter Standards)

**AFFIDAVIT OF SEAN, HOUSE OF VON DEHN**

**I, Sean, House of von Dehn, at the city of Ottawa, MAKE OATH AND SAY:**

1. I, Sean, House of von Dehn, was a client of the Salvation Army Booth Centre emergency shelter from June 19th, 2017 to November 1st, 2018
2. On October 17, 2018 had participated in a Youtube video along with 4 other residents of Salvation Army Hostel for Men in Ottawa and these formed part of my evidence for the complaint. These videos were sworn affidavits.
3. On November 1, 2018 I was arbitrarily asked to leave by Jason Prevost and informed I would be refused services permanently just 1 week after I made the public video.
4. I asked Jason Prevost why I was being asked to leave and to provide me with written notice explaining his decision, to which he insisted he is under no obligation to explain his decision to have me removed. Letter to Jason Prevost attached as exhibit 1.
5. I wrote a letter of complaint and filed it November 28, 2018 on the city online complaint process. Find this complaint attached as Exhibit 2. I swear all the content of this complaint to the City dated November 28, 2018 are true and accurate to the best of my knowledge.
6. Deanna Vecchiarelli instead endorsed Jason Prevost's decision to arbitrarily have me removed from the shelter after indicating in her e-mail that she is in fact responsible for ensuring the Salvation

Army act in compliance with the Emergency Shelter Standards. I responded to Deanna Vecchiarelli's e-mail, and explained that her decision was both unreasonable and unfair. Refer to exhibit 3.

8. The file (my complaint with the city) was closed without further action or remedy on December 28th, 2018. Refer to Exhibit 4.
9. On December 16, 2018 I submitted an intent to rent letter to Ontario Works (OW) from Jane Scharf for a room. On January 22, 2019 I was finally told by OW that I was not being given my rent because Jane Scharf rented from Ottawa Community Housing. Scharf advised OW that she did not have a subsidy. OW required her to show her bank statement confirming that she paid full market rent and the City refuses to give me the rent portion of my OW benefits. I believe this is retaliatory because this is not the normal way OW does business. There is no policy supporting this decision and other cases are not handled like this. Jane Scharf has rented to several persons on OW without this denial rent benefits.
10. On January 23rd, 2019, I filed a complaint with the City of Ottawa regarding this refusal of benefits as I believe it to be retaliatory for my complaint of November 28, 2018. Refer to Exhibit 5.

Sworn (or Affirmed) before me at the city of Ottawa, on January, 28th, 2019.

## Letter of Complaint

Where: The Salvation Army Booth Centre,  
171 George Street,  
Ottawa, Ontario,  
K1N 5W5

To whomsoever these Gifts of Information may be Presented, Greetings,

I am writing this Letter of Complaint to inform You that one of the Organizations the city of Ottawa contracts with to provide the People of Ottawa with access to the basic need for safe and secure shelter, The Salvation Army Booth Centre, has failed to comply with a multitude of minimum standards set forth in the city of Ottawa Shelter Standards agreement, causing injury and harm to their clients by subjecting them to deplorable conditions not worthy of human dignity and in violation of the Human Rights Code, R.L.O.c.H.19, protected by the city of Ottawa under the terms and conditions of the Shelter Standards, and indispensable for their right to human dignity, and the free and full development of the

human personality.

My determination to improve the shelter conditions and defend the rights of clients is well known, and it is believed I was expelled from the facility for voicing my opinion on social media. Whether this is true or not, it has had the effect of intimidating other clients from coming forward for fear they may be subject to discrimination and unfair treatment for sharing their experiences in an effort to create public awareness of these serious and important social issues, and to seek out justice.

As such, I will be attaching sworn affidavits from clients of the Salvation Army who have been subject to the same indignant treatment and deplorable living conditions described in

this complaint, along with My own Testimony  
of the Salvation Army's failure to meet a  
multitude of minimal conditions of the city of  
Ottawa shelter standards they are obliged to  
uphold by way of the Salvation Army's  
contractual agreements with the city of Ottawa.

## Affidavit of Facts

I do hereby swear and solemnly Declare that every word of this Testimony is True and accurate to the best of My knowledge, Witnessed by God, and every reader of this Writ.

I do believe I have been treated unfair and directly discriminated against for My determination to improve the shelter conditions and advocate for the rights of clients, My recent expulsion from the facility

is merely the most recent example (and perhaps the most serious). However, after I was expelled from the facility, members of the local community came forward to show their support and provided Me with the documents included as My "Points and Authorities".

Now I know that many of the rights I believed should be protected, are protected by way of the city of Ottawa's contractual agreements with service providers, and My unfair treatment is only one example of a long list of breaches and violations of the Dalton Army Booth Centre's contractual agreements with the city of Ottawa. As such, I will be going over the full city of Ottawa shelter standards text and addressing ~~to~~ each issue as it is Presented in the document to

Keep this Complaint as coherent as possible.

First, I will address the Memo from Shelley Van Buskirk to the Chair Deans and members of Council regarding Religious affiliation and access to city funded programs where Shelley states "Service agreements with our non-profit agencies contain requirements that they operate in accordance with the Ontario Human Rights Code in all dealings with program participants."

Shelley later states, "None of these organizations has any explicit reference to, or any pre-requisites requiring any conditions of religious affiliation to access their services."

This is not true!!! Every program I know of at the Salvation Army requires Chapel attendance in a Christian church! was specifically told by Drew Corley of the

Life Skills program that I would not be able to participate if I would not agree to attend Chapel, even after telling Drew he was trespassing on My right to spiritual belief and practise, to which he replied "then You don't have to participate."

Even more concerning, are the services Shelley claims are already in place, such as:

- material in orientation/intake packages
- posted resident bill of rights (are resident rights different from Ontario Bill of rights?)
- Resident/staff meetings (never)
- Established and visible complaint/resolution process (there isn't one)

I don't know where Shelley got her information, but as of November 1<sup>st</sup>, 2018, not one of the above listed services were in place. The memo is dated April 25<sup>th</sup>, 2018.

Shelley also indicates that 'value and Mission statements' must be on Public facing websites, though I do not understand the point if there is no effort made to keep them and/or no obligation to meet them. I believe this evidences false and fraudulent Claims!!!

Finally, Shelley states "the city will be requesting that signage in regards to protections under the Human Rights Code are visibly posted in all facilities receiving funding..."

- I guess Jason Prevost doesn't take requests from the city any more seriously than he takes them from Me. I, as King of Jason very kindly if I could Post the Universal Charter of Rights over a year ago and ~~refused~~ was refused. That is all I have to say about the memo.

Moving on to the shelter standards, I will start with the Program Description:

The city of Ottawa provides, directly and through purchase agreements, emergency shelter services including safe and secure accommodations, food, and personal support through a case management process for individuals and families experiencing homelessness.

The shelter is not a safe and secure environment, I received no personal support, and there is no "case management process".

Implementation:

"The successful ongoing implementation of the shelter standards depends on both the city of Ottawa through the Housing Branch, and the shelter operators fulfilling their roles and

responsibilities.

Role of the city of Ottawa:

- Services are delivered in compliance with the purchase of service agreement that includes the shelter standards...

To this end, the Housing Branch will:

- Continue regular site visits to shelters?
- Conduct complete shelter standards reviews at least once every 30 month period?

I do not believe these conditions are being met and suggest that if they are, they are no more true and accurate than the false claims made by Shelley VanBuskirk in her memo to the Chair Deans and Members of Council, April 25<sup>th</sup>, 2018.

## Role of the Shelter Operator:

- Compliance with the shelter standards

To this end, the Shelter Operator will:

- Ensure full understanding of the shelter standards in order to implement them

Either Jason Prewat does not have full understanding of the shelter standards, or he lacks the will and/or competence to implement them. The following are examples.

### Standards

#### 1. Client Service:

- 1.1.2. - No one is denied access solely because of:
- substance abuse or mental health issues;
  - a disability, providing the facility is accessible;

- sexual orientation and/or
- self identified gender.

but, rather, on the overall behaviour/actions of the client that may place that client, other clients and/or staff at risk

I have been denied access to the facility without cause and Jason told Me he can ask anyone to leave at any time and is under no obligation to explain why. Clients are often expelled from the facility for mental health issues, drug addiction and often for no reason at all, particularly when the above shelter standard is implemented and applied.

1.17. - The client is informed of services available to him/her and how to access these services.

It was well over a year before I learned of some of the services available, and the information came from other clients (allowance for bus fare, access to basic toiletries and laundry, for example).

## Shelter

1.2.2.- Receives a blanket, two clean sheets, pillow with clean pillowcase and one shower towel; these linens are replaced with a clean set at least once a week.

Linens are never replaced !!! They are removed at least once a week, but there is no telling when and often not sufficient clean linen to have one replace it themselves. I went four nights without a blanket before finally calling the city to

complain. I was given a blanket shortly after calling the city but more than twenty clients went without that night. It is also worth noting that many blankets are in very poor condition and are often still damp.

1.24. - Has access to laundry services

- No, the client must pay for laundry services and most clients can't.

1.25. - Receives hygiene products as necessary - this is not made known to clients and staff take little to no interest in hygiene of clients, some have not bathed or changed clothing in months.

1.26. - Has access to common areas during the day

There are 165 beds at the shelter and even as few as twenty people in the lounge feels crowded - where does everyone else go?

## Personal Support:

14.1 - Identifying and assessing personal needs

14.2 - Developing an individual service plan

1.5.2 - staff provides information on, and referrals to, available community services

I provided Caroline Hards with a Letter clearly outlining My goals and what kind of support I would need to accomplish them. Not only did I not receive the support I had been asking for, I feel there was willful determination to deny Me the support I was in need of. Jason ~~Prevoit~~ Prevoit even refused to provide Me with contact information from a lady offering a four thousand dollar grant to paint (I am an Artist, too) in the Byward market for Canada's 150<sup>th</sup> anniversary. The lady met Me out front of the shelter and said to contact

her as soon as I was able, she would leave her information with Jason. Jason confirmed the lady had left her information and said she had sounded very excited. When I as King of Jason to Give Me the information, he told Me he had "taken the liberty" of e-mailing her for Me. I as King of Jason to forward a copy of the e-mail to Me and he refused. I don't believe he ever sent the e-mail, deliberately sabotaging My entrepreneurship. This is only one of many situations where Jason has failed to provide services and support that would have dramatically impacted My productivity and furthered Me to the realization of My Goals. I feel that Jason was determined to make the achievement of My Goals as difficult as possible.

Service Restrictions:

## 1.6.2. - Reserving Beds

There is a policy in place, though it requires that the client re-book their bed every day between 4-6 P.M. Clients who are dependent on the shelter should be able to re-book their bed anytime before 6:00 P.M. and staff should ask clients to remind them. Many clients suffer from mental health issues and have difficulty keeping appointments; the fear of losing one's bed compounds mental health and anxiety issues and certainly does not help clients feel safe and secure.

## 1.6.4. - "Time out" arrangements with other shelters.

Currently, this policy is used far too often for no good reason. Clients are T.D.A. (denied access), often for voicing a complaint or asserting a right. "You don't like it, go to..." referring the client to another shelter. This policy

should only be implemented in the most serious situation where a client's behaviour is a risk to other clients and/or staff.

## Client Rights and Responsibilities 1.7.1-1.7.3.

The shelter operator will have policies and procedures concerning rights and responsibilities of clients, make clients, visitors and staff aware of their rights and responsibilities and provide a copy of the "policy" to clients upon request. The operator will have a policy and procedure for receiving, addressing and documenting client suggestions, concerns or complaints in a clear, fair, and objective manner.

Client rights are not determined by the operator, they are given by God and protected by Law!!! The Ontario Human Rights Code and/or the Canadian Charter of Rights must be

Honoured for the shelter to be in compliance with the Ontario Human Rights Code, R. d. O., 1990/c. 19. As far as a policy or procedure is concerned with respect to suggestions, concerns, or complaints, ~~we concerned~~ there isn't one of any kind and Jason Prevost and even the Public Relations officer fail to respond to e-mail complaints, a further example of the organization's lack of concern for their clients and their indignant attitude toward complaints.

## Client Medication Management

~~18.2~~ 18.2 - Clients have access to medication when needed.

Often clients are made to wait in excess of twenty minutes for their prescription medication! (And often treated poorly if they complain.)

## Building Premises

2.1.1. The shelter is free from all hazards to the safety of clients, staff, or visitors.

Clients are instructed by staff to smoke in an area in front of the building which simultaneously posts signage "Danger! Falling ice and snow hazard" and a "no loitering". The shelter has a contract with the Ottawa Police Service to act as agent to ensure the "no loitering" policy, which seems to Me a conflict of interest and a form of entrapment, inviting police to arbitrarily harass clients.

2.1.2.- The shelter is in a clean and sanitary condition at all times.

I would not know where to begin but I have plenty of photos of the often deplorable conditions. I would go elsewhere to use a toilet or shower whenever possible for fear

of stepping on a syringe or broken glass from a crack pipe. The second floor washroom is commonly known by clients as "the shooting gallery". There have also been three stabbings inside the shelter in the fifteen months I was a client - hardly a "safe and secure" environment.

2.2.1.2 - Pest control inspection and treatment plans are in place.

Certainly nothing effective! The bed bug problem is not just an infestation, it is an epidemic! Same is true for cockroaches which are everywhere. No clients are de-loused upon entry, or when clients are discharged, making the shelter not only uncomfortable, but also a liability to future landlords, leaving the stigma of infectious bed bug vermin with the client when the fault lies with the shelter and Jason's failure to contain and eliminate

the epidemic. Of all things, this is the most intolerable of all adverse conditions, clients of the shelter are subject to - I am told it has been this way for over six years!

2.1.8 - Each client has privacy.

Really? I'd like to know where. It is exceedingly challenging to remain positive and motivated when one cannot have any privacy to collect their thoughts - so much so, that I believe the lack of personal space and privacy in particular, compound and amplify mental health issues of clients.

2.1.12 - Bathrooms, toilets and shower rooms have locks that can be readily released from the outside in the case of an emergency.

No. There is no door on showers at all and no private place to dress or undress and nowhere to place one's clothes except the floor outside

the shower where they are likely to get stolen. I had to undress inside the shower, place my clothes in a garbage bag to keep them from getting wet or stolen. The water pressure causes the curtain to open exposing one to everyone in the washroom, which is often monitored by female staff! Clients cannot even control the water temperature. Hardly what one would call 'dignified', and taps without temperature controls is not arbitrary, it was willfully designed to be that way.

## Health and safety

Clients are not safe and secure and any pest control treatment in effect is not effective.

## Policies and Procedures

4.1.1.2. Weapons and illegal substances are

handled appropriately as determined by the shelter in consultation with the Ottawa Police Service.

A "weapon" is anything that has been used to cause harm to another individual. A weapon is not any item that could be used to cause harm. Clients are not allowed to have nail clippers, a personal grooming item and I have seen clients denied access to the facility for having them. A sharpened pencil crayon was also considered a weapon by staff. The shelter should not treat clients like criminals and only in jail would they be treated this way. At the very least, clients should have a comprehensive list of items considered weapons so they cannot be arbitrarily denied access on the whim and discretion of staff.

## Proposed Resolution Order

First and foremost, I am as King for access to the resources necessary for Me to establish and maintain a clean, dignified bachelor or one bedroom apartment in the city of Ottawa, preferably in or near the By-ward market. I have no mental health issues, drug or alcohol addictions, or physical impairments that would impede My ability to secure long-term housing.

To remedy this Complaint on behalf of My self and other clients subject to injury and harm

as outlined in this Letter of Complaint, city funding should be redirected to programs that provide the supports necessary to establish ~~and~~ and secure housing.

It is a conflict of interest to provide per diem funding to an organization providing services to eradicate homelessness; it is a perverse incentive.

Without Prejudice,

Love and Blessings,

Hello Deanna,

It would appear You do not monitor the community shelters to ensure compliance with emergency shelter standards and I Will not be subject to further attacks upon My safety and security by accepting 'placement' in *another* shelter - ALL shelters are just as degrading. Now, if You or any of the others over there at the city of Ottawa would happily check into any of the shelters for a few months and then care to Write of Your experiences, I may reconsider upon Your complete and thorough evaluation. If it isn't good enough for You or the mayor, it isn't good enough for anyone. This letter further demonstrates Your lack of regard for the dignity and worth of the Canadian people and if what I experienced is the example of Your review of shelter compliance, then You haven't been doing Your job for a very long time and People are still subject to staying there, and Friends I have complain it is every bit as bad as when I left.

I'd like You to explain how the city has funding to put Me into a shelter

costing the city some \$1200. a month but CLAIM there is no money in the budget for a rent allowance that provides for dignified housing. I could find a very cozy apartment for less than what the city gives to shelters as per diem funding for their clients. I want to know why the city is still subcontracting this responsibility after learning how deplorable the conditions are and Willfully breaching terms and conditions that jeopardize the safety and security of their clients and Willfully trespass upon their rights and dignity.

Jason removed Me for complaining about how I was treated by the Salvation Army and the determination is to degrade individuals into submission and compliance. You are enabling this act by Way of this letter and should be ashamed of Your Self. However, I don't think You have enough concern for Canada's least fortunate to empathize with how they might feel, or acknowledge they have feelings at all.

How about addressing each point in My letter of complaint and tell Me how each is being remedied, or why You are allowing the Salvation Army to continue providing services for Canada's People now that You *know* they are Willfully breaching their contract? Oh, because it was Shelley VanBuskirk or something who said that the Salvation Army was in absolute compliance in her last review, right? I imagine she knew she was lying in her letters, too. Gotta have each other's backs? You knew the conditions were this bad and You just don't want to acknowledge responsibility, is that right?

Over 16 months I was subject to deplorable conditions and suffered injury and harm by the loss of My common law rights. Saying, 'sorry to hear of Your experience, try another one of Our fabulous city shelters', doesn't quite cut it. This is adding insult to injury.

I am not as King of the city for financial compensation, but I am NOT going to be subject to the fascist dictates of shelter management and the deplorable conditions they subject their clients to as 'resolution' (in case You are wondering why I might be insulted).

And I don't address My letters "King Sean, House of von Dehn" arbitrarily. It's a title, just like "Mr., or Master". I am NOT a Mr. or Master, I am King Sean, House of von Dehn and I'd appreciate it if You would ensure You address Me appropriately. If You are incapable of understanding what the titles each of Us use mean, then 'Sir' would also be fine - but do not call Me Master or Mister of anything!!!

Please be advised that all correspondence Will be published for the Canadian People on My website, [www.vondehnvisuals.com](http://www.vondehnvisuals.com) and Twitter, @vondehnvisuals. Have a wonderful day.

Mr. von Dehn,

Thank you for your email below. I apologize for not taking the time to express sympathy for your situation in my first email.

In my role as Program Coordinator, in collaboration with other City service areas I monitor the community shelters to ensure compliance with the Ottawa Emergency Shelter Standards. Housing Services has been in touch with management at the Salvation Army to follow-up and express your concerns.

In addition, we have confirmed that you can receive placement services at both the Ottawa Mission and Shepherds of Good Hope.

Please contact me directly if you would like to set up a telephone meeting to further discuss your placement options.

Sincerely,

-Deanna

**Subject:** Re: City of Ottawa Complaint (CC-1341338)

Good afternoon, Deanna,

Well, I'm glad to finally hear from you. To be honest, I'm not sure how comfortable I am having a telephone meeting with You. I put up with some of the most deplorable conditions I've ever experienced and it's still going on now for anyone within the Salvation Army's sphere of influence. You didn't express any sympathy for My situation, I am currently 'unwelcome' at all the shelters except the Shepherds of 'Good' Hope for nothing more than speaking out about the rights of the Canadian People and would have been sleeping in the streets for the last month and a half if not for the compassion of friends.

I want a Record of any resolution attempts made by the city, I want to know what is being done to improve the conditions I very clearly outlined in My complaint and what is being done to get everyone else subject to shelters into dignified housing. The city of Ottawa has been scapegoating their responsibility to provide these services for many years and I believe these

conditions would not exist if it the city believed the average individual subject to shelters had the mental capacity to advocate for themselves.

Please let Me know what You have done, why it has taken three weeks for someone to respond to this complaint and how You are hoping to resolve it. When You have some kind of proposed resolution, I may be more interested in speaking with You. Right now I don't think You care at all, I think You've been appointed for damage control.

Sincerely,

King Sean,

Kingdom of God.

Good afternoon Sean,

My name is Deanna Vecchiarelli and I work for the City of Ottawa as the Program Coordinator for Community and Family Shelters. Your complaint has been reviewed by the Director of Housing and the Program Manager of Community and Family Shelters and has been assigned to me for follow-

up.

I would like to schedule a telephone meeting with you to discuss your past placement at the Salvation Army Booth Centre. Is there a time and day that is best for you? I work Monday-Friday, 8am-4pm. Please note that I am unavailable December 24<sup>th</sup> and 27<sup>th</sup>, and our office is closed Christmas Day and Boxing Day.

Please let me know what day and time works best for you and the best number at which to reach you.

Thank you,

-Deanna

This type of request will normally be reviewed by January 28, 2019.

However, where requests are determined by the City to be of an urgent nature and require the City to respond on a priority basis for public safety reasons, these will be dealt with promptly. Also note that depending on the complexity of the matter, the road classification, or if the location is on private or non-municipal property, some service requests can require more time to complete.

Please note that you will require both the service request number and your email address to access the service request status online through <http://ottawa.ca/en/serviceottawa>.
