Good evening, Marc,

It's a pleasure to finally have a chance to confront You on Your FRAUD, Agent SMITH.

Any particular reason why You chose to abdicate Your oath to the Court and ignore My complaint regarding \$3 million in Estate and insurance fraud? Any particular reason why the Court of Record shows that no One has yet been appointed to represent My father, Joachim Heinrich von Dehn, yet there are \$3 million in claims proceeding against his person in fraud and without any legal counsel, Michael von Dehn is receiving documents 'in care of' My father, despite telling You in an affidavit that he only has a Beneficial interest in the Estate and was never Acting as a 'Trustee'. Well, I suppose that's True, he's 'unofficially' Acting as the Trustee in fraud.

You appear to be attempting to weaponize the Courts against Me, threatening Me with arrest for recording the proceeding where I very clearly advised You that all opposing counsel are engaged in fraud. I believe You are doing this because You Wish to destroy the evidence of Your breach of Trust and abdication of Oath.

Am I correct? Why are You allowing parties to communicate with the Court in violation of Rule 1.09, and why are You refusing to inherit the jurisdiction necessary to provide relief and remedy to the Claimant Trustee?

For Your information, Agent SMITH, 'The Trustee Act of Ontario applies to all trusts whenever expressed and all Trustees whenever appointed.'

Also, 'the POWERS, RIGHTS, and IMMUNITIES provided by the Trustee Act of Ontario are IN ADDITION to those afforded by the Instrument constituting the Trust and has effect SUBJECT to the terms and conditions thereof.

I'm supposed to believe that You don't know this? Recording corrupt judges trespassing upon My Trust obligations to My late father and abdicating their oath to the Court and Canada's Sovereign People is an ACT protected by the immunities and powers afforded to Me by the Trust instrument.

If the criminals responsible for the fraud at the Bracebridge, Toronto and Ottawa Courthouse are not apprehended before 5:00 Post Midi, November 18th, 2025, You Will be held criminally liable in Your personal, private capacity, and I Will be as King for the maximum sentence allowable by law for attempting to threaten and intimidate a claimant before the Superior Court.

You are hereby served, have a wonderful day, Agent SMITH.

Are We having Fun yet?

Hand of Stephen,
