Dear Jaye Hooper,

Did You not check the court of Record before making Your clearly incorrect and unreasonable decision that is direct conflict with the Court of Record (what You are presumed to know as an 'impartial magistrate' of the Court.

It appears You are taking direction from Susan Sacks and Jenny Bogod who colluded with Hala Tabl, Michelle Murphy, Carrie Thompson and other clerks and agents of the Bracebridge Courthouse to arrange private meetings with Court judges (Casullo - and whom You refer to as 'Carruso' in Your endorsement, showing Your lack of attention to important details), and You also appear to be pleading ignorance of the Trustee Act of Ontario which is binding upon all Trusts whenever Created and all Trustees whenever appointed.

Also, the powers, rights and IMMUNITIES of the Trust Instrument are IN ADDITION to those afforded by the Trustee Act on Ontario which is subject to the terms and conditions of the instrument creating the Trust.

Do I need to educate You on Trust Law as a Trustee for the public Trust and 'judge' (allegedly) for the Superior Court of Justice? Or did You just have a momentary lapse of reason?

I'd like You to attend on March 11th, 2024 to let Me know why You immediately respond to Susan Sacks and Jenny Bogod complaining of a recording of the proceeding, but don't so much as verify with the Court of Record to determine if anything they claimed to be true in their affidavit materials coincides with the Court of Record?

That appears to be collusion and conspiracy to threaten and intimidate a Trustee before a Court of Equity in a Common Law Jurisdiction, or did I misinterpret Your letter to Me?

Please clarify or prepare to be served with a SUMMONS to witness to explain how You neglected to verify the affidavit materials with what is known by the Court.

Your decision was vacated for fraud, by the Way, and You have been suspended from further adjudication regarding this Matter for conflict of interest and collusion to defraud Canada's People of their right to Justice.

I look forward to hearing from You, Jester Hooper,

Blessings,
