Good morning, Special Attention Sally A. Gomery,

Well, how fabulous it is to see that this Court does know what concurrent and congruent mean, at least when You are determined to engage in criminal conduct, abdicate Your Oath, humiliate the Crown's reputation, aggravate the harm done to a Claimant before this Court while You continue to allow the criminals to run rampant.

Once again, fabulous! Job well done!!! I've been Writing this Court for over a week reporting the criminal collusion of Gillian the Criminal Kreling. Is she any relation to Justice Herb Kreling? Because I know he's a colossal piece of shit who likes to threaten and intimidate claimants before his Court, so it wouldn't surprise Me to know that Ottawa's little mafia is headed up by the Kreling Crime Syndicate. Oooh, that sounds like a great name for today's Post to the International Public Record. I have a moral and ethical obligation to advise Canada's People that these Courts have been compromised and are now run by criminals or completely incompetent, morally bankrupt degenerates.

It also occurred to Me that Sally A. Gomery IS also the only other Justice I am aware of that would have MOTIVE to conspire with clerks of the Court to interfere with My filings because it was clerks of the Court who said that the Court can't accept My Motion materials to vacate Sally A. Gomery's decision to vacate 22-86803 as 'frivolous and vexatious' when no MOTION request was ever made to the Ministry of the Attorney General to do so. It might surprise Sally to know that it was the Ministry of the Attorney General's office that emailed Me telling Me I can still bring a Motion and request to have the decision vacated because You violated the Rules of the Court and arranged to dismiss the claim PRIVATELY with City of Ottawa liar posing as lawyer, Genevieve Langlaise. You may remember that Gen 'lawyered up' when the Court emailed Me as King of Me to serve My motion materials on opposing counsel and file them with the Court.

I'm sure they are probably wondering why I never bothered to proceed with that Motion. I didn't tell them that the clerks were interfering with My filings but now I know why. So maybe YOU are the one who is responsible for as a King of the clerks and their supervisor to make sure that those countless requests I was making for a motion of contempt to expose the fraud of My opposing counsel before they were able to perpetrate fraud on the court falsely influencing a FOURTH justice.

But the Court supervisor told Me that she doesn't have any moral or professional obligation to respond to Me when I am as King to bring a Motion and reporting contempt and fraud to the Court. I strongly disagree, especially considering You can weaponize the local police and provincial Courts against Me for maintaining an accurate record of the proceedings. I was required to do so because Your clerks are engaged in fraud and only updating the Registry with documents that are not harmful to My opposing counsel's claim

You would have a 'motive' to ask the clerks to gaslight Me and make all kinds of excuses for not accepting My motion materials because it was Your order that was to be vacated and You were to be suspended from further adjudication regarding that Matter.

Now, having said all of that, You did correctly deduce that My Claim should not be dismissed because I believe My sister and brother are conspiring against Me and colluding with three Ontario Court Supervisors to deprive Me of My rightful share of Estate assets and to participate in any hearings related to My father's Estate and Trust obligations.

I would still like to proceed with that Motion, can You confirm or deny if I Will receive any further resistance from Court clerks interfering with My filings, or can I proceed with My Motion?

We now know no One in receipt of these emails represent the Crown Attorney's office or His Majesty's Crown... Is there any chance there is any One employed with this circus posing as a court with higher than a grade five level of maturity, capable of responding to an important and URGENT email?

An entire week has passed and You don't appear to be able to produce any One from the Superior Court with even an ounce of integrity or professionalism? You don't even have any One on damage control to clean up this disgraceful scandal? Just how incompetent are all of You, exactly?

I guess time Will tell,

I look forward to hearing from You if You can find any One with sufficient intellect and integrity.

Blessings,
