I will look into this and get back to You. If You are only seeking clarification by Way of this email, I can confirm that medical travel Benefits were unlawfully revoked to half the cash equivalent of an adult bus pass in February of 2024. I protested the decision, advising Ontario Works that their determination is incorrect and that medical benefits and travel allowance were (once again) revoked unlawfully.

As per usual, they did not respond. They unlawfully revoked all medical and travel benefits on April 1st of this year. They have correctly conceded that revoking the benefits was unlawful, incorrect, and that both the medical and travel benefits were approved indefinitely.

This is the second complaint to the SBT for Ontario Works knowingly revoking benefits with *malicious intent* to cause undue hardship. There is absolutely no excuse for claiming a beneficiary must violate a Trust obligation, a Trust Instrument on file with Onatrio Works, a Mandamus on file for health care with Ontario Works, and a Letter of Trustee that a commissioner of Ontario Works has signed promising to Honour. We do not put these documents onto the 'CASE FILE' Record for the Beneficiary so they can be ignored.

This is breach of Trust, violation of rights for suggesting the Trustee Act is not binding upon the public Trustee for Ontario Works as it relates to Sean von Dehn's Trust on Record with MOJAG. It is also patently incorrect for this tribunal to plead ignorance of any Trust Instrument on file with MOJAG, so please keep this in Mind moving forward, as I am just itching to report more liars posing as lawyers to the Liars Society of Ontario.

Is Brian Killick still the vice-chair? I believe it is his failure to hold Ontario Works accountable for their previous trespasses that is the real cause of Action for this Appeal, as Ontario Works feel emboldened to exploit and abuse the Beneficiaries they are Trusted to care for when there is no consequence for their criminal Acts.

Spoliation and pleading ignorance of documents that the public Trustee has on Record for Sean von Dehn is a serious criminal offense. How long before I can expect for Ontario Works to produce copies of the documents in the summons?

I look forward to hearing from You and Will review the original complaint again.

Blessings,

King Sean, House von Dehn,
Hand of Stephen,
The Kingdom of Heaven Found a Sean
