Dear Sarah,

Should the tenants be entitled to rent abatement from Sunday, May 25th, 2025 until Friday, May 30th, 2025 (the amount of time You told tenants they would be without hot water in violation of Ottawa Property Standards)?

I couldn't help but Notice the hot water seems to be working again but no One was Given Notice because You lied in Your Notice to tenants that promised to keep them updated on the situation. You didn't do that, did You?

I think the tenants should be entitled to compensation until whenever You decide to tell them the water is back on - what do You think? How is any One supposed to know if You don't tell them? One of My neighbours only discovered they had hot water a few moments ago.

Thanks for keeping every One updated. Or was it Olu and the maintenance department that made that promise and failed to keep it, breaching tenant Trust?

Blessings,
