Dear Jason,

Thank You very much for these documents. I do have questions. Home for Good and MHI appear to be engaged in fraud for four out of the five years they've been making applications. The only year that appears to be a True and correct statement of what You received benefits for, every other year You claim to be paying the hydro utilities that You know (by Way of Your own admissions) the Beneficiary is paying from the basic needs portion of his Ontario Works Benefits.

Starting in 2022, You (HFG) and MHI have been claiming to pay \$60 in utilities that have been paid by the Beneficiary from the basic needs portion of his OW.

You've received \$2,160 to pay utilities that were actually paid by the Beneficiary, not MHI or HFG.

So You owe Me \$2,160 in back payments for utilities plus another \$120. for July and August of this year and every other month until and including June 2026.

Why have HFG and MHI been claiming to pay utilities that are paid from the Beneficiary's basic needs portion of Ontario Works?

I'd love an answer as soon as possible, You appear to have stolen \$2,160. Did that money go to Your staff or MHI?

I look forward to hearing from You, thank You for confirming that the constructive fraud has been ongoing for years.

Good afternoon,

Thank you for your questions below. I would like to apologize in the delay for responding to your emails. The primary staff person that worked on your file in previous years was away and I wanted to wait to speak with them before responding.

Your Home for Good benefit is administered in accordance with schedule 4.1 of Ontario Regulation 367/11. Your benefit entitlement is completed annually as per the requirement of schedule 4.1 Section 5 paragraph 1. Your current benefits are up to date and ongoing for the benefit period of July 1st 2025 to June 30th 2026.

The information used for your renewal is obtained based on the consent we have on file. Annually, we confirm with your landlord, MultifaitH Housing Initiative, that you continue to reside at 105-320 Via Chianti Grove, which they confirmed and we confirmed with OW that you continue to be in receipt of OW benefits. Your benefit is then calculated in concert with your OW shelter benefit keeping in consideration any utility expenses they have on file, which in this case was the \$60 monthly cost for hydro.

While the staff person that did the most recent annual review sent you the entitlement form, we usually just place this on your file since you do not complete the annual review form. I have attached the annual entitlement forms for the past 4 years that we completed when we verified your eligibility annually.

As noted, the amount of \$60 used for utilities is based on information provided by OW, and included in your shelter cost. In relation to whether there was an overpayment, staff are continuing to follow up with your landlord and Ontario Works. Staff will follow up once the work is completed.

Should you have any questions or concerns, please do not hesitate to contact us.

Thank you,

Jason Cooke

Good morning, Jason,

For more than two weeks no One from Your office has been able to produce a copy of the attachments Your office sent to support their application for subsidy with the Housing Authority. Either You are running a very disorganized and unprofessional office, or You have been stalling.

However, both You and Genevieve seem to remain steadfast in Your belief that after not being able to locate these documents for over two weeks, You are going to miraculously find them today and send them to Me, right?

I don't Wish for any more games or dishonesty from Your office. And don't tell Me that Your office hasn't been dishonest because not one person working for Your office has

EVER provided an honest answer to any question they have ever been asked. I'm curious to know if You can do better. I'm going to number My questions to You just to see how many You are capable of answering.

1. Why did it take two weeks to produce a document when Revenue Canada requires You to maintain accurate records of all Your accounting, including applications and supporting documents for subsidies?
2. Why is this the first year that the Beneficiary is receiving an Entitlement form?
3. Where are the Entitlement Forms for 2024, 2023, 2022, and 2021?
4. Why is Home for Good and the landlord, MHI claiming to pay utilities in the amount of \$60 when both organizations know they are doing no such thing?
5. How did Home for Good learn that the Beneficiary was paying \$60 in utilities?
6. Are Home for Good employees above the Law?
7. Do You believe criminal breach of Trust and fraud with intent to steal funds from the public Trust is an acceptable degree of criminal negligence for Your office and staff?
8. I can't think of one time that Kelly Kritsch, Sana Abou-Araf, Celia North, Christine Amero, or any One else at Your office ever answered a question I've asked them honestly. Do You pride Your self on hiring criminals and incompetent liars, or have I just had an exceptionally unusual experience with Your staff?

I look forward to hearing from You. You did promise to have those documents by the end of the week. I know State Actors hardly work at all even from Monday to Friday, so I don't Imagine You Will be coming in on a Sunday to turn the office upside down looking for these documents, so I Trust I Will receive them by the end of the day.

Because it doesn't seem reasonable, logical or correct that it should take Your office two weeks to produce supporting documents You are required by Law and Revenue Canada to have on hand, I presume You've been stalling so You can fabricate more fraud and distractions - everything BUT what I am as King of You for and am legally and lawfully Entitled to receive. Every year You've made an application - not just this one.

The first time I receive a copy of an Entitlement Form I am supposed to receive every year, it is incomplete and entirely fraudulent. That is just a mistake? How incompetent are Your staff? Or more likely, how criminal and corrupt are they?

I look forward to hearing from You,

Dear Jason,

And I just advised You that is not acceptable. I'm as King of You to tell Me what is the delay? It takes two weeks to produce copies of the Applications You are required by law to maintain records of? No, it takes two weeks to fabricate new documents to cover over and double down on Your fraud. Your team has been caught red handed engaged in fraud at the Beneficiary's expense, and this is happening right now. You claimed to be paying \$60 in utilities for the Beneficiary for July and August and that hasn't happened. Ontario Works have reduced the amount to \$302. and \$354. for the months of August and July to compensate for the extra money Home for Good was claiming to pay in utilities.

Every Word fraud and more and more fraud is taking place every day because You and Ontario Works are not doing what You have expressly told the Housing Authority You are doing with the Benefits they are providing to You for the Beneficiary. You are effectively stealing money from the Beneficiary and the province of Ontario.

Blessings, I can't wait to see what constructive fraud You come up with to cover over Your constructive fraud. I believe You are guilty as charged and that Your last reply is tacitly conceding to these facts because You have not provided a logical explanation. What I am as King of You to do is not difficult, it does not take weeks or days, it should take minutes unless You are covering for criminals.

Your criminal contempt Will be published. Jason, the contemptuous criminal Cooke. Has a nice ring to it, doesn't it!

Attention Jason Cooke: Notice of Criminal and Civil Liability - Fraud, Obstruction of Justice, Breach of Trust

Dear Jason,

"So apparently Your inability to locate MHI's copy of the form they provided to support their application for subsidy is the entire reason it is taking Genevieve weeks to get back to Me? Did You lose the document, are You unclear about what document I am as King of You for, or ***what exactly is the delay?*** Would You be so kind as to let Me know why it's going to take You two more days to locate a document You are legally required to maintain accurate records of?"

After waiting more than two weeks for the City of Ottawa's lawyer to provide the supporting documents HFG provided in their application for subsidy to the Housing Authority, I can only presume the reason she doesn't have the supporting documents yet is because the staff at Home for Good are refusing to produce them because they provide further evidence of their constructive fraud. That is why I presume she has 'escalated' the Matter to the project manager.

Once again, what I am as King of You for is a document You are required by Law to maintain accurate Records of for Your accounting. It should not take more than a couple of minutes out of Your day to produce unless Your intent is to obstruct justice and delay remedy to the Beneficiary whose utilities You are claiming to pay in the amount of \$60.

It is not Multifaith Housing Initiative that receives the subsidy from the Housing Authority, it is Home for Good listed on the Application, it is Home for Good that is claiming to pay the Beneficiary's utilities in fraud, and it is Home for Good that is claiming to receive the funds for shelter costs (allegedly) paid to the landlord including \$60 in utilities.

Where are the supporting documents that were attached to the application to the Housing Authority and where is the Entitlement Form for the last four years previous (2024, 2023, 2022, and 2021)? I am officially requesting copies of those applications to the Housing Authority made by Home for Good because the Beneficiary is supposed to receive a copy each year. The only copy I have received shows HFG is engaged in constructive fraud, so I Wish to see what they were claiming for the Beneficiary in all previous years, too.

Is that too much to ask? Does any One at Home for Good have an ounce of integrity? Please show Me You can produce the documents I'm as King for by the end of the day, or I Will presume Your intent is malicious obstruction of justice and or destruction of evidence.

I look forward to hearing from You before 5:00 PM today.

I'm expecting a reply first thing tomorrow morning. If I don't get one, I am going to presume You are stalling for time because You have either spoliated the documents or do not Wish to produce them because it Will expose Your fraud. Failing to produce the document is also fraud by Way of omission.

You Will be held liable in Your personal, private capacity if I do not receive the supporting documents tomorrow. I am also requesting before the end of this week for a copy of the Entitlement form for the last four years previous to this year, as the Beneficiary is Entitled to receive a copy of this form every year, and this is the first time You have provided one and it is an incomplete document.

I have advised Genevieve that I would report her to the law society of Ontario if she does not produce the documents in reasonable time and she's advised Me that she has 'escalated' this Matter to You. That leads Me to believe that Genevieve IS trying to acquire a copy of the document I am as King for and You are refusing to produce it for her (obstructing Justice). This is why You Will be held accountable in Your personal, private capacity for aiding and abetting landlord fraud, theft of public money and failing to maintain correct and accurate records.

Consider Your Self served in a Common Law Jurisdiction.

Not acceptable, this is just more gaslighting and stalling. They are REQUIRED to retain a copy of what they sent to the Housing Authority and are REFUSING to produce their copy? Unacceptable, gaslighting and criminal contempt.

Good morning, Genevieve,

I am anxiously awaiting Your reply. Where is the supporting documents HFG provided to the Housing Authority to secure the subsidy for the Beneficiary?

Either Your client destroyed the document to obstruct justice, or they are withholding the document to obstruct justice. I need to know which of the two it is. Obstruction of evidence is a criminal offense.

They provided supporting documents to support their claim for the Beneficiary's subsidy, where are they? It does not take two weeks to produce a document Your client is legally and lawfully required to maintain a Record of.

I look forward to hearing from You before 5:00 today. If I don't, I Will presume You are colluding with Your criminal clients to obstruct Justice and delay the Beneficiary's remedy for Your client's egregious breach of Trust and criminal wrongdoing.

If You do not get back to Me by 5:00 PM today, I Will be filing a complaint against You with the LSO for Your contempt and determination to support the criminal conduct of Your clients.

Dear Genevieve,

I don't believe You are acting in Honour. Lili Mukalay has reduced the shelter allowance of OW Benefits the Beneficiary is entitled to receive from the province to offset the additional \$60.00 the landlord was hoping to pocket by claiming they are using those funds to pay the Beneficiary's hydro utilities. The Entitlement Notice clearly states that the Beneficiary is Entitled to claim utilities and rental insurance as part of the subsidy so long as the total subsidy does not exceed 80% market value rent, and those amount have already been approved for the 2025-2026 period but You are not doing with those funds what You are claiming to do with them.

The only way to correct this wrongdoing is to make sure that the Benefits that were approved are used for the purposes claimed in the application for subsidy. If You are NOT going to immediately start paying \$60.00 in utilities including backpay for the last six years the Beneficiary was entitled to same, You are effectively aiding and abetting fraud and helping to cover over the fraud with more fraud and theft of public money - this time from the Province.

The subsidy is not provided by the City because Ontario Works pays out too much in shelter costs to Beneficiary's of Ontario Works, the subsidy is provided because the City of Ottawa recognized the shelter portion of OW is not sufficient to secure an apartment in the City of Ottawa. They don't provide shelter subsidy so that You can reduce the amount the province is legally obliged to pay - that is just more fraud.

The Entitlement form says the Beneficiary is receiving \$390.00 from Ontario Works. If that's not happening, then Ontario Works is engaged in fraud because that's what they have told the Housing Authority they are paying to approve the subsidy.

I have filed a complaint with the city of Ottawa and I am convinced You are all just criminals taking advantage of Canada's most marginalized minorities.

You are either colluding to cover over the fraud, or stalling for time. Where is the supporting documents that MHI and HFG used to support this application for subsidy?

This is ridiculous. Are You confused about what document I'm as King of You for, or are You playing dumb in hopes that You won't have to produce it, attempting to obstruct justice? Where is the form that MHI and HFG submit with their Entitlement application? Are You going to produce it, or continue lying to Me about it and attempting to distract Me by giving Me something else instead? Where is the document to support the Entitlement form? The Beneficiary was supposed to receive a copy of the entire application, not just the front page. He was supposed to receive one of these for every year he's received the

subsidy. Where are the last four years previous to this one - I'd like to see them, too.

Again, unless Your client is destroying evidence necessary for litigation which is a whole OTHER criminal offense, this should not take You more than a few minutes to produce. Dear Genevieve,

I included You on this Matter because I expect HFG and MHI to 'gaslight' - fail to respond to My emails altogether, or respond without addressing any of the Issues. What I am as King of You for, is a copy of whatever MHI provided to the Housing Authority. This should not take days or weeks to produce because Your client (HFG) is required by law to maintain accurate records of the applications they are making to the Housing Authority for subsidy. I Wish to see the form they used to support their fraudulent claim that they are paying \$60 in utilities. I also very frankly believe that it was You who told Ontario Works to short the shelter allowance portion of Benefits to offset the funds Your client is fraudulently claiming to pay. But as a result of all the confusion and tampering with documents, it appears as though the landlord was shorted \$2. rent for the month of August because it should have been \$304.00 and \$356.00 if You were hoping to offset the amount the landlord was planning to steal.

It also appears as though You are hoping to cover over their fraud by simply reducing the amount that Ontario Works is paying to offset the fraud. That is not acceptable. I have been telling Ontario Works, HFG, Orsolya Vancsody and every One else at Ontario Works that Housing

costs include utilities and rental insurance. That has now been proven true by Way demonstrable causality.

For four years, Your client and MHI failed to provide Me with a copy of the Entitlement Form, presumably hoping I would never discover their fraud or have proof that what I had been asserting is True, despite the fact that this is clearly articulated in the description of what 'basic needs' and 'shelter allowance' are according to the Ontario Works Act. Rental insurance and utilities are not to be paid from the basic needs portion of a Beneficiary's check, they are part of the shelter allowance and additional expenses that come with being housed. Being housed should not cause additional economic harm to the Beneficiary or his ability to provide for his basic needs, as that would be 'Contra Bonus Mores' and defeating the purpose.

You have all been given My consent to communicate between You to ensure that the Housing Subsidy is never again revoked, and You have used My consent to obtain information that You have used to Your advantage at the expense of the Beneficiary.

There is no reasonable or logical explanation as to why You can't provide Me with a copy of the form HFG provided with the application for Entitlement provided to the Housing Authority unless You are stalling with intent to obstruct Justice. The only other reasonable explanation, is that Your client destroyed the evidence which is also a criminal offence and obstruction of Justice.

I Trust You Will provide Me with a more reasonable reply by the end of the day. At some point, don't You have to concede that Your clients are just a criminal cabal and maybe now might be a Good time to negotiate a resolution? I have offered to waive all criminal charges provided these People are held accountable for their crimes. Considering the jail time Your clients are looking at presuming they are not above the Law and subject to whatever any other People in Canada would be under Canada's Criminal Code, I think My offer is very generous.

Dear Geneviève,

I've been very clear about which form it is I am as King of You for. I am also being very clear about the fact that Ontario Works owes back pay for every single payment for utilities that was taken from the Beneficiary's 'basic needs' portion of his Ontario Works Benefits.

The 'formula' for calculating subsidy the Beneficiary is Entitled to receive from the Housing Authority is as follows"

Actual Shelter Cost + Utilities + Insurance - Social Assistance
Shelter Allowance

= \$1132.00 + \$0.00 + \$0.00 - \$390.00 = \$742.00 (not \$802.00 as claimed)

I don't know how long HFG and MHI have been fudging numbers to steal extra money from the Beneficiary's Trust, We only know that they are claiming to pay \$60.00 more than what they actually require for the coming year and the last two months so far. The Beneficiary is entitled to have those funds for hydro returned to him *with interest* sufficient to offset the depreciating value of the dollar.

We also know that the utilities have been paid entirely out of the 'basic needs' portion of the Beneficiary's Ontario Works Benefits for the last five or six *years* - somewhere between \$600/annum and \$720/annum depending on the year. This was despite his protests to Orsolya Vancsody, advising her that utilities and apartment insurance are part of the housing cost and should not come out of the basic needs portion of the Beneficiary's check because then they won't have sufficient wealth to provide for their basic needs (which do not include insurance or utilities) in violation of their inherent rights.

Not only was I correct in My assertions to Ontario Works and Home for Good, it appears You have known this very well and were taking advantage of the Beneficiary by claiming to pay those amounts Yourself while putting the money in Your own pockets, and at the Beneficiary's expense.

The landlord has not provided a single receipt for rent upon request in violation of the Residential Tenancies Act and it appears they have been concealing receipts to protect their fraud.

Is any One going to be charged criminally? Or are state actors breaching the public trust with malicious intent immune from criminal prosecution?

I believe You are stalling, Genevieve. I don't believe for one second that You don't already have a copy of the supporting documents provided with this form to the Housing Authority unless You are conceding that HFG and MHI are guilty of more destruction of evidence and documents necessary for litigation which is just another criminal Act.

Where is the form that HFG submit to support their application for subsidy? They are required to maintain a copy of the documents they provide for subsidy for a *minimum* of seven years. It should not take more than five minutes for You to request these documents from Kelly the Criminal Kritsch's understudy and she Will either produce them for You, or she Will be obstructing Justice and a criminal investigation.

Mathieu, I am also as King for an internal review to have all payments made to Ottawa Hydro from the Beneficiary's 'basic needs' portion returned to him with interest as soon as possible if You are not already in the process of making that happen. If You are in the process of returning those funds, please provide Me with an ETA.

Finally, the payments to Ottawa Hyrdo MUST continue at the rate of \$60 per month as claimed by Housing Services. They are receiving those funds and claiming to pay those funds, so they Will do as they are telling the Housing Authority they are doing or You are further aggravating the harm by supporting their fraud.

I need some answers please. When can the beneficiary expect to have the payments for utilities returned to him, and when can I expect to receive a copy of the form that was provided to the Housing Authority to support the payment of utilities?

The request for an internal review is to have the utilities that were stolen from the Beneficiary's basic needs portion returned to him with interest because that's what the Beneficiary believes he is Entitled to.

Thank You, please don't keep Me waiting, it's been over a week already.

Dear Geneviève,

Thank You for Your reply, I appreciate You keeping the lines of communication open. However, what You are preparing for Me is fabulous and Will be much appreciated *additional* information, but it is not what I am as King You for, and what I am as King of You for should not take more than five minutes to produce once You have a contact responsible for sending the Entitlement Form to the Housing Authority.

There is FRAUD in the application to the Housing Authority that relies specifically on 'supporting documents' that were 'attached' to support the application. I don't anticipate it is more than one

document, supporting what they are alleging to pay for the Beneficiary's utilities (\$60/month).

The form also clearly states that the Beneficiary is *Entitled to utilities and rental insurance* as part of the housing allowance the Beneficiary is Entitled to receive. Ontario Works should be paying \$60. toward the Beneficiary's hydro every month because that is what they are claiming to do.

I want a copy of the form that they used to support this application that was supposed to be provided to Me in the first place by HFG when they sent this form. Surely THEY have a copy of what they provided to the Housing Authority, and what I received is only part of the story. Obstruction of justice and also fraud by Way of omission.

When can I expect to receive that document, Genevieve?

Good morning, every One,

Is it fair for Me to presume that Kelly Kritsch Will be back by now and there should be no reason for any further delay with respect to the supporting documents Kelly was relying on for the application to the Housing Authority for subsidy?

Or is Home for Good in the business of obstruction of justice as well? I require a copy of the documents supporting HFG's application for subsidy and I see no reason why You Will not have been able to track them down yet.

I am trying very hard to be patient. I emailed You about this *last Thursday*, We know there has been more fraud because MHI is *not* taking the \$390. shelter allowance from OW as they have claimed in their application for subsidy. So where is that money going?

Furthermore, the Beneficiary is entitled to have every penny he has paid for utilities from his basic needs returned to him *with interest* (sufficient to offset the continually depreciating value of the dollar as a result of Canada's incompetence managing the national, provincial, and municipal budgets).

If You are not going to concede that is True and correct and provide a forensic accounting of what is owed to the Beneficiary, I am officially requesting an internal review, and when Your internal review finds no wrongdoing has been done (as they always do regardless how criminal the conduct of the Administrator might be), I Will make another application to the SBT and when they collude with You again, I Will appeal to the Divisional Court. It's a long enough process, so I'd appreciate if You can just tell Me how You Wish to Play this game frankly from the start.

You going to dodge My emails and refuse to provide Me with the documents I am entitled to receive, or can I expect to hear back from the City's lawyer in reasonable time?

Genevieve - respectfully, I am tired of watching You defend the criminal acts of Your client and helping them to avoid accountability for their wrongdoings in violation of principles integral to justice and Your oath as an officer of the Court and member of the Law Society of Canada.

You Wish to make right on Your wrongdoing, or You Wish to double down and pretend this isn't happening, and that Your clients are not engaged in criminal conduct with intent?

Dear Geneviève,

I have included Mathieu Regimbald on this email for Your convenience and so that he knows I consent to You reviewing any of the funds I've received from OW. There was a payment made for money MHI stole last year in the amount of 1018.00. You Will notice (when You review the payments and deductions from OW) that the Beneficiary has been paying exactly \$60.00 for hydro utilities deducted from the basic needs portion of his check. I requested a stop to those payments and Mathieu has confirmed the automated payments have been stopped for this coming month.

Frankly speaking, I do believe that Home for Good have been using the consent I have provided to them to communicate with OW or any other government agency relevant to securing the Entitlement eligibility to obtain the very same records You are as King of Me for now so that they can be claiming to pay those amounts in fraud. I believe HFG and MHI know the Beneficiary has been paying \$60.00 month in utilities and used that information to support the subsidy (in fraud).

I would take a photo of My most recent stub but My phone isn't very clear so it is best that You request copies of any documents necessary from Mathieu and I hereby Give You My consent to do so.

Thank You,

Dear Geneviève,

Thank You for confirming receipt, I but I perceive Your email to be additional gaslighting. This is clear and obvious fraud on its face! This is not an accident. They are completely fudging numbers so that they can pocket money they are claiming to pay that the Beneficiary is paying from the basic needs allowance. This has been ongoing every year I've received a receipt, I've found MHI to be in possession of more funds than they were authorized (by Me in a meeting at Ontario Works) to receive. The form clearly states that

apartment insurance and utilities are included in the subsidy the Beneficiary is Entitled to. I have a lot more 'utilities' than just hydro. You are going to pay ALL My utilities - phone, hydro and internet.

Now... MHI must have a copy of these documents as well, I want to see the 'receipts' they provided to support this application for Entitlement. I also Wish to see these People criminally charged because this not a civil offence, these acts are criminal. Theft of public money and there is no Way that they are claiming \$60 more than what they actually pay 'by mistake'.

Every single person receiving a subsidy from the City should receive an 'Entitlement Form' like the one I received this year, every year. No One else in My community has EVER received any kind of receipt to show what MHI is taking for rent, and they gaslight and ignore requests for receipts while they are stealing from the public Trust.

I want these People criminally charged and a full forensic audit done on every subsidy approved by the City for MHI because I believe they are inflating the amounts they are entitled to receive for everyone!

I have included a photograph of the form I received and forwarded My emails to Ontario Works to You so that You can see how I'm responding to their fraud.

I'd like to see the 'attachments' they are relying on for the \$60 utilities, and yes, I would prefer You take care of this as soon as possible, so dealing with Kelly's 'cover over' is sufficient so long as she can produce the required documents.

Blessings, and thank You kindly for Your prompt reply,

Good morning, every One!

I couldn't help but wonder what the City of Ottawa's legal counsel Will have to say about Home For Good and Multifaith Housing Initiative' constructive fraud. I have been telling the City of Ottawa via both Home for Good and Ontario Works that utilities and rental insurance are part of the housing allowance portion the Beneficiary is Entitled to and that it those additional expenses One incurs by obtaining housing should not affect the 'Basic Needs' portion of funds received by the Beneficiary.

My legal and lawful arguments have continually been categorically *ignored*, and the landlord, MHI and HFG not only appear to have known that this was True, but were claiming to be paying these expenses so that they can put the money in their own pockets while the Beneficiary's pay the same portion out of their 'Basic needs' depriving them of wealth essential for food and other essentials necessary for optimal health and personal dignity.

This is the first time I have received an Entitlement form since the initial subsidy was approved, and it shows that MHI and HFG are planning to steal an

additional \$60 every month, claiming they are using this money to pay the Beneficiary's utilities (hydro).

Also, You Will note that there are no 'attachments' to verify the amount that MHI is receiving for utilities, and they also lied to Me about the cost of My rent. Last form I received showed that rent is \$1142.00, not \$1132.00 as claimed in the Entitlement form, though You are receiving \$1192.00, falsely claiming that \$60 of that money is paying My utility costs.

I presume that the reason MHI and HFG do not provide receipts to any One in receipt of subsidy is because they are doing this with every One - double booking; claiming to pay costs that are in fact coming out of the basic needs portion of Ottawa's most marginalized minorities dependent on corrupt state Actors for their basic subsistence and in violation of international Law.

Does the City of Ottawa's lawyer have anything to say about this? I'd like the \$60 that was stolen from Me for the month of June returned to Me, and I would like to see the 'attachments' the city is relying on to support this 'Entitlement Notice'.

I look forward to hearing from You, Gen! No wonder the City of Ottawa has so many liars posing as lawyers, the entire city seems to be working some kind of grift against Canada's People. These criminal clowns must keep You very busy.

If I don't hear from You, Gen, I Will be filing a complaint against Your performance bond with the LSO and it Will not be for a penny less than the \$100,000,000.00 I'm entitled to for being a victim of the City of Ottawa's fraud for the last seven years.

Dear Mathieu,

I recently received the attached document from 100 Constellation Avenue. You Will notice that the Entitlement Form states that I am to provide You with a copy for My Records. I'm reporting five counts of fraud because I'm supposed to receive one of these forms every year - this is the first time I have ever received one.

More alarming still, MHI and HFG are claiming to pay exactly \$60. in UTILITIES which are included in the subsidy amount the Beneficiary is Entitled to receive - same applies to Apartment in insurance. Apartment insurance and utilities are part of the 'House Allowance' portion of Ontario Works and should NOT EVER be taking from the Beneficiary's basic needs portion or they don't have sufficient wealth to eat.

You Will notice that the Entitlement Form CLEARLY states that the subsidy amount awarded is the cost of My rent, PLUS apartment insurance, PLUS utilities, MINUS the \$390 shelter cost from OW.

Either way, MHI is receiving an extra \$60 a month for 'utilities', and they have never paid any utilities for the Beneficiary EVER. I believe that Kelly Kritsch from the city of Ottawa is complicit in the gift. Also note that the utilities portion paid is to include receipts as attachments to prove the amounts. There were no attachments to show how much they are paying for 'utilities' because they are

not paying any utilities, they are putting the money in their own pocket.

Is there any One I am required to report the fraud of the City of Ottawa and Multifaith Housing Initiative? Should I be reporting this to the police as well, or Will You take care of that.

Please see attachment for evidence of the fraud. They have already stolen \$60 this year. Sarah Lorenz is the manager from MHI who was engaged in fraud previously, though she insists she repaid the stolen money. We both know that the stolen money was only returned last week. Now they appear to be setting their Self up for another fraudulent scheme for the 25/26 year.
