Attention Crown and Special Attention 'B/C' from the Virtual Crown email address for Crown,

The Clerk 'B/C' is hereby on Notice of Civil and Criminal Liability and Gross Prosecutorial Misconduct for Registry Fraud, Contempt and Obstruction of Justice.

This clerk ROUTINELY sends inappropriate emails without including their name for the Record and Crown Liability, gaslighting the queries to Crown made in the original email.

'B/C' is presumably replying to the attached pdf '24-122310 Information for Crown Prosecution for JPT 17-SEP-25.

She states that I Will NOT receive communications from the Crown until the day of the JPT? She Will NOT Give Me the name or contact information for the prosecutor bringing these charges? That is obstruction of justice by a Court clerk. I DEMAND to know the clerk's name for the purpose of liability.

I also REQUIRE replies to My emails to be provided in the same email thread for the purpose of continuity and accountability. Thank You.

Still waiting for confirm a Sean that My Form 1 Application to dismiss has been received by the Court. Prosecution had a duty and obligation to respond to My application before the JPT.

You are hereby served and Crown Law Reception Office has also been included on this email because Crown is liable to Me for Your criminal clerks obstructing My access to Justice and refusing to answer simple, basic questions...

Like why can I not find these charges in the Court Case Look up tool? I am requesting an answer because I believe every One who is communicating with Me and dodging this question is engaged in malicious prosecution with criminal intent.

For the Record.

Thank You,

King Sean, House von Dehn,
