Good morning, Virtual Crown,

I was instructed to send all communications for the prosecutor in relation to this file number to this email address. I look forward to hearing from the prosecutor at his earliest convenience. I have several details concerning his information that I Wish to discuss with him.

Please note that Sean von Dehn does not identify as an 'artificial person' and does not have any obligation to speak for any artificial legal person because Sean is not an artificial person, Sean is a real, Living Man, existing here and now, not in any fictitious, Gregorian calendar time construct and commercial fiction based on the title Character of the 'greatest story ever told'. For those of You who are only waking up to the Truth of the 'real' world, it is considerably older than 2025 years.

These facts are on Record with MOJAG (see attached) and I do thank the Crown for removing all the previous warrants based on nonsense and lies told by Your colluding policy officers. You have been advised that unlawfully detaining the individual most commonly known as 'Sean von Dehn' is subject to one ounce of gold for every hour unlawfully detained.

I still haven't seen a warrant, and the charges were dropped which means My innocence is sustained and You are liable to Me for the unlawful arrest and twenty-two hours of unlawful detainment.

Because You are also engaged in **Registry fraud**, You Will be civilly and criminally liable to Me in Your personal, private capacity for not less than ten million dollars plus 220 ounces of Gold (1 ounce per hour unlawfully detained, multiplied by ten because You were not Acting in an official capacity which constitutes kidnapping, cruel and inhumane punishment, and torture.

Can 'Virtual Crown' be so kind as to have the prosecutor for this Matter contact Me ASAP? And if he does not Wish to respond to these emails, can You provide Me with his name and email address so I may contact him directly?

Thank You kindly for Your time, My Notice of Motion to Vacate for Fraud Will be forthcoming shortly.

Blessings,

Dear Virtual Crown,

Please also advise the prosecutor that if he Wishes to see service of the Notice attached to the previous email on Sean Kearney, the legal director for the Ministry of the Attorney General and Department of Justice, I Will be happy to provide it to him at the JPT on September 17th, but please be sure to request for Me to bring the receipt with Sean Kearney's wet ink signature with Me.

Thanks again, have a lovely day!

Dear Virtual Crown,

Please ALSO be advised that according to *the Rules of Criminal Procedure*:

Rule 4:

Court Documents Format 4.01

1. (1) Every document in a proceeding shall be:
 2. (a) in 12-point or larger font;
 3. (b) double spaced, except for quotations longer than four lines and footnotes; and,
 4. (c) be divided into a single series of consecutively numbered paragraphs.
5. (2) *All documents shall be **electronic***, except where a self-represented person does not have access to electronic means, in which case paper copy materials will be accepted. (3) All electronic documents shall use bookmarks and hyperlinks as set out in the Consolidated Provincial Practice Direction for Criminal Proceedings.

So I **should** be receiving a copy of EVERYTHING that has happened related to this case file ELECTRONICALLY - by email. So if a warrant was issued for My arrest for failing to appear for prints (for example) I Will know about it. Failing to serve Me with documents is a breach of Trust and a violation of the Rules of Criminal Procedure and Canada's Constitution which requires for all parties to be informed of all Matters concerning One's interests. Why do I have no knowledge of what took place at the last hearing? I am ENTITLED to receive a DIGITAL copy of **ALL DOCUMENTS**.

Why are You not following the Rules of Criminal Procudure?

Look forward to hearing from this prosecutor. I am going to have him for lunch on the 17th, I'm hungry for a fat, beefy scapegoat for Crown.

Love and Blessings,

King Sean, House von Dehn,
