Good morning Criminal Clowns for Crown,

Thank You for demonstrating such upstanding professionalism so consistently. I cannot imagine what it would be like to be wrongly charged with a criminal offense if I could not rely on the integrity and professionalism of this office bolstering My confidence in these criminal Courts.

So William Coyte has designated this office for 'ghosting' Self Presented litigants Acting in their Sui Juris capacity so that You can proceed against them in fraud and 'off the Registry'? William Coyte has NOTHING TO SAY about his clerks and agents ghosting People for over a year?

Who was it from this office that instructed Ariane Asselin to contact Me to tell Me to direct My email inquires for Stephen Lichti and Crown to 'virtual.crownottawa@ontario.ca'? Why are You instructing defense counsel to aid and abet Your Registry fraud, and why have You even created a fraudulent email address for People to contact?

This shows that You are not only engaged in fraud, but You have Created an entire 'system' and process for deceiving People by setting up alternate channels of communication that Will not alert any of the official channels (like this one).

I am requesting the minutes from the release hearing with Herbert the Criminal Kreling - I presume he is the father of Gillian the Criminal Kreling? You know, the clerk and alleged court supervisor who has been instructing the staff for the Ottawa Superior Court of Justice to refuse acceptance of My Motion to vacate the Order of Sally A. Gomery in 21-86803, and most recently to intercept My filing to inform the same Judge now Acting as 'trial coordinator' in 22-89835 that My siblings have perpetrated fraud and perjury on the Court, causing the judge to make a decision obtained in fraud. I Wish to have that Order vacated for fraud as well, but I can't get any response from any One who represents Canada's Courts because You are Willfully obstructing My access to Justice and 'ghosting' Me through the official email channels.

You've colluded with My siblings to help them steal My inheritance and also helped the Toronto Courthouse to proceed against My deceased father in fraud, claiming against him for three million dollars without even having the decency to have any One appointed to represent his legal interests. You literally proceeded against a dead Man for over four years without requiring proof of service on any parties to the Claim. If You

don't believe Me, just be as King of the Toronto Court supervisor, Jove Ponniah to tell You what he knows about it.

You can learn all about Tiffany, Tanja, Michael and the Magnificent Estate Fraud Cons-Piracy at the High Court of the King's Bench because the Magnificent Estate Fraud Cons-Piracy would have have been possible without the continued support and collusion of Your most Trusted court clerks and supervisors ensuring that mine and My father's rights are violated with impunity to engage in fraud and theft of public money.

So this appears to be one of at least three Courts that the Crown uses to engage in fraud and malicious prosecution, conspiring with the Toronto, Bracebridge, and Barrie Courthouses to engage in fraud with intent to steal My inheritance in violation of the Trust Instrument on Record with MOJAG to protect My father's property and rightful inheritance.

William Coyte, thank You for confirming that You are aware of the fraud and complicit in the fraud, please be advised that You are on Notice for malicious breach of public Trust and potentially treason because I believe that using the Courts to defeat the constitutional rights of Canada's People is equal in despicability to treason.

You expect Me to believe that You use these Courts for laundering the deeds of corrupt State Actors, but by some miraculous exception, Justice Will prevail when a Judge learns about all of this fraud at My trial? I'm supposed to believe You are allowing this criminal conduct to continue because... Well, because why, exactly?

William Coyte, You are liable for the criminal malfeasance of Your clerks, and We Will presume that they have been compromised with intent to deprive Canada's People of their access to justice and a Court of competent jurisdiction.

It's funny how concurrently and congruently the provincial Courts can Act when You are protecting the criminal acts of one another to engage in fraud, isn't it? Absolutely fucking remarkable!!! What a bunch of cunts You all are.

Love and Blessings,

King Sean, House von Dehn,
