Good afternoon, David,

How is that investigation coming along? How long before fraudsters are held to account? Looks to Me like People are trying to gaslight and evade accountability? No explanation for the fraudulent name and birthday You're using on the Registry as officers of 'the Court' and 'the Bench'?

Does the Court typically engage in fraud and malicious prosecution, or only when I've busted You colluding with Home for Good and Ontario Works to steal subsidies from the Beneficiary so that You can Give it to the not for profit slumlord MHI instead and at the Beneficiary's expense?

Every single one of these organizations represent the City of Ottawa which was also complicit with the treasonous Trudeau government and Health Canada's violation of the Nuremberg Principles governing informed consent and medical experimentation on mass populations, coercing, intimidating and lying to Canada's People about their 'safety and efficacy'. They proved to cause more covid than they cured and did not slow or stop the spread.

And now You are trying to proceed against Me using a fake name and birthday on the Registry and I'm supposed to believe this is not in retaliation for exposing all the criminal contempt the City of Ottawa has demonstrated for the constitutional rights of Canada's People?

If You are NOT helping Me hold the criminal prosecutor accountable, You should be fully liable for all criminal charges every One at the City of Ottawa is responsible for.

I have evidence that is irrefutable to show that the City of Ottawa has now proceeded against Me three times using fake names and birthdays to avert the official Court Registry. Fucking clowns is what You are!

I look forward to hearing from You.
