# Notice of Aggravated Harassment with Intent (Mens Rae)

Dear Wendy,

Your above email is NOT an appropriate response to a Notice of Liability for Your participation in malicious prosecution in violation of the Rule of Law and the Release conditions Ordered by the Court. Attached is evidence of Your continuous 'gaslighting'.

You were previously advised **do not dare** to email Me without also responding to every One else required by the Court to be included in any variance of the Release Order and or without addressing My legal and lawful arguments which remain unchallenged on this Common Law Court of Record.

Every communication I have made to You or agents of the John Howard Society have also been forwarded to the official Court email address for criminal matters so that the Judge can see what You are doing (or not doing to be notified of Your continuous gaslighting and malicious prosecution).

All of these emails Will be made available to any Judge or Justice hearing any future 'breach of bail' You allege the accused has perpetrated. I have Given You Notice that I cannot and Will not vary the conditions of the Release Order without the unanimous consent of My Self, a Judge, and the prosecutor as required by the Release Order of Justice Kreling and Canada's Criminal Code.

If You do not Wish to Honour this obligation, You are a criminal and criminals are defined as 'cunts' by the Kingdom of Heaven Found a Sean. It is not slander or libel if it is True, nor is it inappropriate to advise You of such as Notice of Liability is the first due process of Law in any Common Law Jurisdiction.

You are hereby served and now Noted in Default for four counts of aggravated harassment with criminal intent (5 ounces of Gold per offense in Your personal, private capacity - same goes for each of Your colluding agents).

Have a nice day, Wendy the Malicious McHenry - You *are* a fucking cunt! And a criminal.

I require the name of the 'investigating officer' because I believe You are a compulsive liar. You said You Will 'cc' Me on any correspondences related to Your investigation - You are a LIAR!!!

I Will not EVER be reporting to You in person, I Will report on the 5th of January by PHONE and only under duress for fear of additional harm in violation of My right to the presumption of innocence and to not be adversely harmed by the Judicial process.

Any future emails that are not also served upon each of the email addresses this email has been served upon Will be disregarded and Will also constitute an additional count of aggravated harassment.

I hope I have made My Self crystal clear for You.

You are all hereby served and liable in Your personal, private capacity.

Have a nice day, [The John Coward Society of Sociopaths](#) - an integral element of Ottawa's Criminal Cabal using the Courts as a cloak for fraud.

You Will receive at least one phone call from Me everyday until You are apprehended or provide a reasonable explanation for Your lawlessness.

King Sean, House von Dehn,  
Hand of Stephen,
