Dear Sarah,

I have attached My request and previous correspondences with You regarding the buzz code to enter the building and the false accusations made against Me by Your maintenance team. I am going to number My questions to You in hopes that You can provide a concise answer to each one.

1. The name of the individual who made the accusation against Me regarding alleged 'aggressive' behaviour
2. The exact behaviour or comment that the individual characterizes to be 'aggressive' in nature
3. How long should I expect to wait to have a buzz code entry for My building?

I look forward to hearing from You in reasonable time. These emails Will be published for the public Record.

Have a nice day,
