Dear Legal Aid Ontario Complaints Department,

I would like to request an investigation be conducted into the issuance of this Certificate as it was obtained in FRAUD! To substantiate My allegations, You may request the court of Record for these charges as all charges were withdrawn on March 10th, 2026 at the request of Crown (prosecutor Stephen Lichti).

I complained to Ontario's Legal Aid team about the fraud when first making the application, asserting that there was nothing coming up for Me in the Court Case Lookup Tool and the Courts were 'ghosting' My email requests for any disclosure related to the charges. Stephen Lichti was communicating with Me through a fraudulent email address for Crown, 'virtual.crownottawa@ontario.ca' and even responding to emails sent to the official email address, 'virtualcrownottawa@ontario.ca' (which continued to 'ghost' My emails).

This fraud was not an accidental 'clerical' error when entering the data into the system because there are no instances of 'VON-DEHN' in the information they were Acting on and presenting to the Courts, AND they switched the month and day of birth so that the birthday would read, '05/06/1973' (May 6th), when the birthday of Sean von Dehn is June 5th, 1973. It is not possible to make such errors when police are running information through a criminal background check that shows the correct name and date of birth of the individual charged or queried.

The clerk was INSTRUCTED either by police or the JP endorsing the initial information to avoid having the Matter flagged in the Court Case database for 'multiplicity of suits' as the charges are in retaliation for refusing to accept an Order obtained in fraud by My siblings in CV 22-89835.

Under these BOGUS charges, I was arrested and unlawfully detained for 'failing to appear' to a Court I had never been invited to attend and while I was frantically in continuous communications with the court trying to figure out what was going on, why I can't find the charges in the system, and why the Court is 'ghosting' My requisitions for disclosure and other relative information (including the clown prosecutor posing as Crown prosecution, Stephen the Lawless Liar Lichti). I was detained unlawfully and subject to cruel, inhumane and degrading, demoralizing conditions for twenty-four hours in violation of My right to the presumption of innocence and due process.

Justis Danto-Clancy has NO PROBLEM with any of this and was the one to alert Me to the fact that they are 'not engaged in fraud', they filed the charges under the name 'VON-DEHN', May 6th, 1973. I told him that IS the fraud and why I can't find the charges in the system and Justis Danto-Clancy had no problem with that and asserted that if I DO, and am going to assert that these proceeding are fraud, he will FIRE Me as counsel. I told him I believed he was complicit and he removed him Self as counsel the following day for conflict of interest.

To FURTHER aggravate My complaint, BECAUSE this breach of Trust, the Rule of Law and clear and obvious contempt for the Charter rights of the accused is being done with such impunity and involved so many players at the courthouse, NO LAW FIRM WOULD RETURN MY CALLS ASKING FOR COUNSEL. Sadly, I did not maintain a record of all the law firms I contacted and their various excuses for not being able to take the case, but I can assure You no One got back to Me and the excuses became depressing. I am confident that any lawyer who looked up these charges would discover the exact same thing I did - that they don't exist on any PUBLIC RECORD, except under a fake name.

Finally, if all of this is not evidence enough, Stephen the Lawless Liar Lichti had the nerve and audacity to email Me AGAIN in violation of the Rules of Criminal Procedure, OFF the Court of Record, to tell Me he was disclosing entirely illegible 'officer notes' from the investigation as evidence he hopes to rely on at trial the next day.

I responded to both him and Melina the Malicious MacDougal (investigating officer colluding with Sahada Alolo and Multifith Housing Initiative) to tell them that if they don't both Wish to be criminally liable as well as civilly liable to Me for their crimes, they Will cease and desist their fraud immediately and called them a few 'choice' names that would never be permissible on a Court of Record - with specific intent to emphasize their fraud. They Will not report an email to a Judge for language that was sent in violation of the Rules. I was correct as Stephen the Lawless Liar Lichti requested to have all charges withdrawn before I could bring My Form 1 Application to dismiss for abuse of process and malicious prosecution.

In addition to all of the very clear and obvious harm that has been done to Me by this fraud, I was also UNLAWFULLY on BAIL!!! I had to place every One at the John Howard's Society of sociopaths on Notice of Civil and Criminal Liability and advise them they would also be facing charges for aggravated harassment if they did not cease and desist in the New Year. I never heard from them again.

I called Justis Danto-Clancy this morning to tell him that I don't think any competent court of jurisdiction is going to believe it is 'reasonable or correct' for Justis Danto-Clancy to tell Me that he didn't know any of this was fraud when I knew it to be fraud plain as day and have never taken a law class in My life. I'm smarter than Justis Danto-Clancy? A *lawyer* doesn't know the Rules of Criminal Procedure enough to know that numerous Charter rights were violated and that the name on the information MUST match the name on the Court Registry? I don't think any competent judicial authority is going to believe that Justis Danto-Clancy was too ignorant to know this was clear and obvious fraud and abuse of process and if they DO, I'm confident they Will remind Danto-Clancy that his ignorance is no excuse for his incompetence and the harm it caused Me.

He was advised he can report the fraud and request an investigation to show he was not complicit, OR he Will be considered a conspirator to the fraud because let's face it - if an idiot like Me can figure all of this out and knew I was a victim of abuse of process and malicious prosecution, a confident, criminal lawyer doesn't?

Now You know why I am only every as King for a liar posing as lawyer's help if I am under duress and there is no other option. They are white collar criminals who use Canada's Courts as a cloak for fraud.

I'm also curious to know who pays for legal aid because presumably, those costs would be paid by Canada's Social Insurance policy but when they are using a fake name on the Registry, there is no SIN account for that person, so how does Crown offset the financial obligation to the accused right to due process, which is the governing the issuance of these certificates.

The certificate was obtained in fraud and those complicit in the fraudulent criminal charges they tried to bring against Me should be held accountable. Justis Danto-Clancy should be ordered to pay back any money he stole for his fraudulent appointment.

I've included all the relevant parties on this email and a claim will be forthcoming in the Superior Court of Justice. I'm wondering if criminal prosecution may be more appropriate or also applicable.

Please also be advised that I am a freelance Journalist and Will publish this email to My blog later today to hold state actors accountable to their People.

This is also the second instance of fraud under the name 'VON-DEHN', the scheme was first used by Vinicius the Odious Oliveira in CC-23-353404

Blessings,

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).
