Hello Sean,

I apologize for the delay in responding to your email.

I want to respond honestly and with care. At this time, I am not able to offer you a garden plot. This decision is connected to past interactions that have created tension within the community. My role is to support a space where community members feel safe, respected, and encouraged to participate, and unfortunately the behavior shown has contributed to ongoing conflict. I can only offer and figure out how you can get an indoor garden.

I understand how frustrating the housing system and living at the Haven can be, and those feelings are valid. At the same time, this is a shared community where residents are doing their best to support one another, and staff are working within a system that has limits and required processes. Respectful communication is essential for maintaining a healthy community environment.

To avoid further conflict, I do not feel it would be productive to continue this conversation. If you would like additional information or support, you may contact AI directly at info@multifaithhousing.ca.

This will be my final email on this matter. I appreciate your understanding and wish you well.

Honestly take care with everything ❤️

Good morning, Kaneesha!!!

So You are the 'community events coordinator'/ Can You tell Me when the People were as King for a 'community events coordinator' or explain to Me how that position benefits the tenants in any Way if the 'community events coordinator' is not even competent enough to 'coordinate' returning an email pertaining to community events?

Were You hired to further the professional gaslighting techniques to You can ignore tenants with impunity and contribute to their narcissist, abusive, social culture?

I look forward to hearing from You when You learn how to respond to emails.

The fact that You can smile and wave at Me at the Town Hall meeting while continuing to abdicate Your own duties as a professional demonstrates how malicious and narcissistic You truly are.

Good morning, Kaneesha!

Takes You an awful long time to return emails, what keeps You so busy in the office that You can't return an email? Do You do anything else? I require Al Shadid's email address, please. He told the entire community to contact him with their concerns, to EMAIL him. When We asked for his email he REFUSED to provide it and said it's public and easy to find. It doesn't exist.

I'd like You to return emails when I send them to You because it is rude to ignore them. Okay? I just Wish for You to treat People the Way You would Wish to be treated - is that too much to ask? Did they not teach You how to return an email?

I look forward to hearing from You,

Good afternoon, Kaneesha,

No, that is not acceptable, You have no Records whatsoever of any 'conflicts' in the community. No such conflicts have EVER been discussed, You have discriminated against Me with extreme prejudice based exclusively on hearsay testimony of other tenants without any One EVER discussing anything with Me. If You are not here to make decisions, then You Will make sure I get a garden or You Will be liable to Me in Your personal capacity because You don't know anything about Me except what You've been told by Your 'community volunteers' who are nothing but tyrants and community bullies and I Will NOT be tolerating any further abuse or discrimination. You make sure I get a garden or I Will see You in Court.

Learn how to issue a proper lawful notice, You DO NOT get to play judge, jury and executioner based on lies told You by other tenants in the community You did not witness first hand Your self. You have no idea what You are talking about and are responding with contempt and extreme prejudice. I'm going to advocate for a tenant association and for every single one of Your 'gardening gestapo' to be removed from the garden because THEY are the belligerent bullies, My complaints about them and Your discrimination are on Record YEARS before any One started telling lies about Me.

I Will be getting a garden or You Will be sorry. Understood? I'm sick and tired of Your bullshit and favouritism. You create division and conflict in the community and use the gardening as a means of creating division and conflict.

I'm tired of the community bullying and privilege given to the Kinder Garten Gestapo. They ACCUSED Me of harassing them, they LOST which means they are guilty of harassment and liable to Me for damages, You are responsible for encouraging their narcissistic behaviour which You perfectly emulate.

Have a nice day,

Dear Kaneesha,

I Will file a formal complaint against You in Your personal, private capacity with the human rights board if You don't show documented evidence of abuse of tenants that has been reviewed by impartial peers, otherwise You are Acting on hearsay and 'favouritism' of tenants who have been harassing Me for years. I may also file a complaint with the police as this is discrimination and harassment.

Have a nice day,
