Dear Mr. Kearney,

Please be advised that I have just sent an urgent motion to the Registrar of the Superior Court of Justice to compel the performance of the Trust obligations related to file CV 22-89835.

As you know, the Trust Instrument for this matter has been [on record with MOJAG since January 19, 2017](#). The motion is being filed to enforce this record against defendants who have defaulted by their silence (*Nihil Dicit*) for their willful trespass and fraud.

I am copy/pasting the full text of the motion sent to the Registrar for your records and awareness. I trust that the Ministry of the Attorney General will take note of this action to enforce a Trust that you hold on the public record.

I will keep you apprised of the court's response.

[Here, you paste the full text of the email you sent to the Registrar]

Thank you for your time and attention to this critical matter.

Sincerely,

King Sean, House von Dehn,
