Dear Mathieu,

I am in receipt of the HFG-235 ledger (form 3, Response to Appeal, attachment Page 12 - despite stating on Page 2 of Form 3 that the Respondent 'DOES NOT intend to rely on any Written submissions' - then follows up with an additional twenty-five (25) pages of additional Written submissions - attached) and the "FIRST REMINDER" threat that My housing subsidy renewal forms have not been submitted and that Benefits Will be suspended if they are not returned before June 1st(attached).

The email correspondence proving that I have in Deed responded to these forms, discussed them in detail with Kelly Kritsch on the phone and then communicated that discussion to You, Mathieu Regimbald and am still anxiously awaiting Your confirm a Sean of My instruct-Sean's, and included Kelly Kritsch on the email so that We could all be on the same Page for the purpose of transparency and accountability (find attached).

Let Us dispense with the usual bureaucratic pleasantries and address the situation directly and efficiently, and for the Benefit of all parties to avoid any further waste of public resources on unnecessary litigation - We Will have enough to be tall King about on June 4th.

The entire PURPOSE of including the Superior Court and the SBT on these emails is because the Superior Court is the inherent jurisdiction necessary to enforce My Trust obligate-Sean which are Superior to the Ontario Works Act. I believe the SBT is complicit, so I also Wish for them to see Your attempts to gaslight and mischaracterize My 'failure to return forms' for what it really is - fraud with malicious intent to unlawfully revoke subsidy.

The path to resolving this matter is straightforward and is, in fact, already paved within the agreements and precedents set by Your own office.

Here are my requirements for the continuation of the subsidy, which will bring this matter to a close:

1. The utility portion of the Ontario Works payment directed to the landlord must be increased to \$70.00 to cover the hydro bill, as is my right. This Will be roughly \$5.00 more than the current cost, but Will be sufficient to ensure that Sean doesn't have to pay any additional utilities from his basic needs, as You were provided with a receipt to show that there is a small

balance still outstanding. You did NOT deposit funds equal to the amount of the utility difference I paid from My basic needs, so We are going to increase the amount sufficiently to ensure the full cost is covered and to account for any inflation over the year term. If there is a surplus on the account at the time of renewal NEXT year, that money Will rightfully be repaid to OW, as it would represent an overpayment. Currently, You owe Me the difference I have paid from My basic needs, and the receipt was provided to You for the month of May.

2. The remaining housing portion of the payment, \$320.00, Will be paid to the landlord.
3. If Kelly Kritsch Wishes to cut off My subsidy, then she may do so if she Wishes because My lease and tenancy agreement clearly states that ***any housing costs not covered by a City of Ottawa subsidy Shall be paid by the not for profit landlord, MHI***. So if You do not Wish to renew the subsidy, then MHI pays the rent to You directly without any city funding - as it should be considering how much they have stolen from Me over the last six years! I am cc's Sarah Lorenz, the manager of MHI so that she understands her obligate-Sean to King Sean of House von Dehn for the public Record.

I Trust you can see the elegant simplicity of this arrangement. It honors all existing agreements and places the responsibility for any further financial shortfall squarely where it belongs: on the landlord who benefits from the City's generosity.

This brings me to a point of sincere, if retrospective, admiration. I am almost certain that the crucial clause in my lease—the one holding *the landlord liable for any uncovered housing costs*—was the work of ***Genevieve Langlais***.

I recall the numerous instances where I had to put her on Notice for the City's unlawful revocation of my subsidy without cause. It became clear to Me that she (like Me) grew tired of the endless cycle of MHI's lawless behavior and the City's reactive, ineffective responses. I believe she, in her Wisdom, crafted this legal safeguard as a final, elegant deterrent. She got SO FED UP with Kelly Kritsch demonstrating such contempt for the Rule of Law that she figured I would be smart enough to know that if they try cutting off My subsidy again, they Will have a hard time evicting for non payment of rent if the lease says ***the landlord is liable for any amount not covered by the City of Ottawa subsidy!!!*** Genius really. I don't appreciate the Way she defends Your criminal Acts, but I can Imagine the pressure she is under to protect the City of Ottawa's criminal cabal =- but at least *she corrects Your wrongdoing* and came up with an ingenious deterrent. Now if You cut Me off without Notice, *only the landlord gets hurt economically!!!*

Genevieve, if you are reading this, your legal foresight was, and remains, impeccable. It is a shame that your colleagues were not sufficiently deterred by the trap you so expertly laid for them.

Finally, a note on the upcoming SBT hearing on June 4th. I have been informed that Caroline Forget will be representing the City. With all due respect to Ms. Forget, her demonstrated competence in these matters is thus far insufficient. The City's case is, by my estimation, defenseless, as it is built entirely on a foundation of fraud and spoliation of evidence. I believe they are desperately in need of Good counsel. I'm going to Trust You Will appear for them or help them find some One capable and have them let Me know they intend to defend the city before the deadline tomorrow (7 days before the hearing is last day to Give Notice of appearance).

Therefore, I am formally requesting that Genevieve Langlais attend the SBT hearing on June 4th. Her intimate knowledge of this file, her understanding of the history of MHI's misconduct, and her familiarity with the terms of the lease I'm sure she helped craft would be invaluable. Her Presence may be the only thing that can prevent a catastrophic and embarrassing loss for the City of Ottawa.

I await your prompt compliance with these simple and reasonable instructions.

Sincerely,

King Sean, House von Dehn
