FINAL NOTICE FOR TREASON

Good mourning, William the Courteous Criminal Coyne and Jessica Roes,

Final Notice of Treason

You real eyes that in a best case scenario, Ontario Service Standards and the Service Standard for an Urgent applicate-Sean to the Court is 24-48 hours.

At the time of receipt of this email, it Will be **96 hours** since an **Urgent Mandamus** for an Order was received by the Ottawa and Guelph Superior Courts of Justice and no One has even dignified the filing with confirm a Sean of receipt.

'Willful Blindness', is that Your Game? You know Playing that Game strips One of their professional immunities, right?

Are You sure this is a Superior Court of Justice? Or is this a Superior Court that 'just is'? No Living bodies with a moral conscience? Are all the clerks war King for Your Courts narcissistic sociopaths? Or is there another name for some One who can allow for **aggravated harm to continue** when One **has the Power to put such harm to an immediate stop**?

Who *but* a narcissistic sociopath can watch as a person drown when One can throw a Lifeline?

Only a morally depraved degenerate. Is that the Character of Your clerks, or what exactly is going on here?

Not one Court Clerk Acting in Good Faith?

Am I just a very Lucky investigative Free Lance Journalist and rights advocate uncovering a massive scandal, or is this a typical demonstrate-Sean of Your professional misconduct, standards and ethics People should expect of the Superior Court of Justice and the Crown?

Will the Attorney General for the province, Doug Downey approve of this sort of Court conduct being condoned by his Court managers - or is it by his direct-Sean that You are both conveniently on Vacate-Sean?

I do not Wish to be thing King You are trying to avoid Me. You can hide from Me but not from God - Justice Will find You.

How do You think Your State Actors are Playing their Part in Universal Pictures Greatest Present a Sean? Are they in Harmony with the One Song We all Sing, or are they a little out of Key?

I can tell You, I do always try to Imagine what I would do if I were in receipt of such an email. I know I certainly would not Wish to be the One responsible for ignoring an Urgent Mandamus before the Superior Court, I can only Imagine how much worse it might be for the Court manager.

Is My charge for treason unreasonable? Are You not using the Courts for the exact opposite purpose of their Intent-Sean? If One cannot appeal to the Superior Courts of the province for relief and remedy when all other fail, then where can One go?

I guess My last recourse Will be the Divisional Court, but I do not believe it Will be difficult to prove the conduct of Your clerks is incorrect and unreasonable, it is *in fact* treasonous!

But I guess We'll let a Divisional Court decide.
