NOTICE OF CIVIL AND CRIMINAL LIABILTY, PERSONAL, PRIVATE CAPACITY

Dear Richard Ferriss,

I am not sure if You are aware. but a tenant cannot discontinue a landlord's application to the LTB. But that is what You Writ in Your Order, so You are Writing fraudulent, untenable Orders and now You Will use that Order to Establish future precedence founded in fraud because You are too contemptuous to recognize Your own material error of fact. There were several material facts You chose to ignore in the decision, just as Fotoula the Hustler Hatzantonis chose to ignore all the evidence of extorsion and fraudulent accounting Records. That does not feel impartial to Me.

I'd like You to compare the 'Order' to what really happened. Please listen to the actual hearing and tell Me if the Order accurately reflects what happened or if it is a gross misrepresentation. Your fraudulent Order Will be Posted with a copy of the hearing on Spotify so the People of Canada can witness Your incompetence and contempt for the Rule of Law.

There is no Way that You listened to that Recording or reviewed My submissions and evidence before making Your decision. You took My money and enforced the original order without checking for accuracy or performing any legitimate review. That is also fraud and extorsion because You are taking money and not doing what You were

Trusted to do with that money. No judge is going to believe You reviewed My evidence and the hearing and Writ that Order with 'clean hands and in Good faith'. You were railroading a litigant and rubber stamping fraud - and You order makes it clear You were barely conscious when Writing it.

No individual is that stupid, this error in Law was deliberate, constructive fraud designed to Create precedence established in fraud.

You are hereby served in Your personal, private capacity as Your decision does not reflect the decision of a competent judicial authority (so You are not acting in an official capacity, You are just rubber stamping fraud).

If You Wish to acknowledge Your error and correct the Record to prevent further fraud established by this precedence, You may be absolved of criminal charges for Your part in this shit show posing as a legitimate judicial authority. Your Order is not legally tenable!!!

Fraud is not a problem for these Kangaroo Courts?

Blessings,

In Good Faith and with Clean Hands
