PROTEST THIRD PARTY PORTAL-SERVICE BY EMAIL ONLY

To the Landlord and Tenant Board (LTB),

I am writing to formally acknowledge receipt of an automated invitation from a third-party domain (notification@://secure-messaging.com via DeliverySlip) requesting ***registration for an external digital portal***.

I respectfully decline *to register for, log into, or utilize this* ***third-party messaging handler***. I do not consent to the use of *external digital portal dashboards or independent message brokers for my administrative or legal processes*.

Forcing communications into an *unverified third-party silo violates the LTB's own operational policies, which explicitly state that the preferred method of communication is* ***by way of email.*** This email channel should be sufficiently secure because THIS email is where individuals are instructed to send their evidence submissions, so You should be the same one responsible for keeping those submissions organized and providing Me with a copy of all the emails You have received related to My file. It only requires an email filter with the file number to find all My evidence submissions related to same.

Direct email communication is the LTB's 'preferred method of communication' and remains My mandatory requirement for service of all documents as well.

Bypassing established *direct email threads* to use an external system serves only to further *contaminate, fracture, and further separate records that are* ***already demonstrably disorganized within your administration***.

I am not going to go through another shit show arguing with You about what documents You have uploaded to some third party portal when I know exactly what I have served You with by Way of My own email filter for evidence submissions. I am verifying We are on the same page because You have misplaced, lost or spoliated emails I have sent to You (or are obstructing My access/stalling delivery of what documents You have on Record).

To maintain ***strict structural transparency***, ***operational integrity***, and ***an unedited record of service***, I reiterate My standing requirement: all official correspondence, evidence packages, file updates, and tribunal orders must be transmitted exclusively via direct email attachments using the official registry address: ltb@ontario.ca.

Any documentation sent via third-party message links or external portals will not be recognized as proper service. There is no requirement for My to contract with a third party to know what documents I have filed with the LTB Registrar, this should not be a difficult Question!

Sincerely,

In Good Faith and with Clean Hands

— King Sean, House von Dehn
