SECOND NOTICE OF CIVIL AND CRIMINAL LIABILITY FOR FRAUD, DOCUMENT TAMPERING, ABUSE OF PROCESS

Dear Samar Farhan,

I placed You on Notice of Civil and Criminal Liability because I believe You are engaged in fraud and document/evidence tampering.

"In **absence of a file number** and after searching for a file using the email address gnosticwisdom37@gmail.com in **our system**, we arrive to **LTB-T-024798-23**."

Really? Well thank You very much for clarifying that point. Your email dated yesterday, October 7th, 2026 states that You are a 'customer service' representative for the LTB. A phonecall to the LTB just yesterday said that customer service agents *do not have any access to the 'LTB@Ontario.ca' email address*, so can You clarify for Me what 'system' You are searching?

When You run a search using My email to check for emails 'in Your system', it should look exactly the same as mine does when I do a search for all emails sent by gnosticwisdom37@gmail.com to ltb@ontario.ca.

I have included a screenshot to Show You that there are at least nine emails that have been sent between August 26th and October 6th was the last email sent before Your

reply to Me yesterday.

So this really helps to explain a lot. I keep wondering why the LTB is pleading ignorance of the documents I've uploaded to the LTB's official email Registry but according to Your email, it is because they have been deleted - is that correct?

You're telling Me that a search 'in Your system' Showing all evidence, documents and email sent by Me doesn't show anything prior to 2023? That's really interesting.

One would think that they would come up for You as they do for Me in reverse chronological order so there was a file in 2024, LTB-L-075290-24 that was brought against Me in violation of Section 83 of the RTA in retaliation for My complaint of rights violate-Sean's by the landlord in LTB-T-024798-23.

So honestly, nothing You say makes any sense to Me because if You were going backwards in time, then the furthest file back was the one You found, omitting all the other files in between, one of which is still Active while the one You were in fact responding to had an Order Issued yesterday - within an hour of receiving Your email, in fact. Amazing coincidence.

So I have two questions for You now. If customer service reps for the LTB do not have access to the LTB@Ontario email database to review documents uploaded to the LTB Registry, then how did You gain access to that email address.

Secondly, Service Ontario states that You are not a customer service agent, You are the document processor who is responsible for making sure the documents I upload are added to the correct case file and scheduled appropriately, a 'Case Processing Officer' which is also how You identified Your Self in Your first email to Me.

Did You change roles or do You wear many hats? And if You are the case processor for the LTB, does that mean You are directly responsible for all My missing evidence? Where are the rest of the emails that can be seen in the attached screenshot?

I look forward to hearing from You, who is destroying My documents?

Finally, this email was not actually sent to the LTB, You are responding to a personal email I sent to Samar Farhan's professional email address as Trustee for the public Beneficiaries of the province of Ontario from the LTB Registrar's email. But I'm glad You have placed My notice of civil and criminal liability on the LTB Record because I am sure they Will love to know who is responsible for destroying all the emails I have uploaded to You.

Please get back to Me ASAP, this is very concerning. Perhaps You can send Me a screenshot of what shows up in Your email system under 'gnosticwisdom37@gmail.com' because We Will have to find a Way to restore the official registry and replace all the spoliated, lost, or destroyed documents.

Does the LTB often 'disappear' emails I send?

This is very concerning, what is happening to My emails?
