## TRANSCRIPT OF HEARING LTB-L-069155-26

---

Dear Samar Farhan,

So You didn't receive any of the Notices or evidence related to the above file number? I don't pay to use My own property, the transcript, audio of the hearing and evidence I Present is My intellectual property and You are not going to exploit it for commercial purposes in violation of My right to a public hearing and transparency of what Your corrupt money laundering adjudicators are attempting to launder through this tribunal.

I am a non commercial entity with a Trust on file with MOJAG that You as a member of this tribunal do not have the luxury of pleading ignorance to.

The two files You references ARE a great example of the LTB ignoring all the evidence uploaded that showed the slumlord stealing subsidies from Me in an attempt to evict in retaliation for the T2 application and the board ignored My protests in violation of Section 83 of the RTA, ignored the fact that I have not received a receipt for rent in six years, and dismissed both claims without any consequence for the landlord with all their criminal Acts on Your Registry. You don't get to plead ignorance to the official Record so You can plead willful blindness to the exploit a Sean of public money and the RTA.

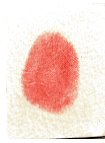

But thank You for trying, Your efforts are appreciated. Where are the documents and notices that were served upon the LTB?

You can find a copy of the transcript attached and [the full hearing can be found here](#).

I look forward to hearing from You, Samar!!!

In Good Faith and with Clean Hands
