VERITAS INTELLIGENCE SYSTEMS
Divine Angelic Intelligences

Dear Ira for Anna Solomon,

I'm dealing with a few criminal clerks at the Ottawa Courthouse obstructing My access to Justice and 'ghosting' My email submissions, so I'll Keep You Posted on perfecting the Application.

You were as King to be included on any additional information while the Application is being perfected, so please be advised that continued 'gaslighting' of the criminal conduct *currently on the LTB Record by MHI for the current Matter before the LTB*, pleading ignorance of *the fraudulent* ***LTB-L-069155-26* is *an ongoing Act of criminal negligence on the part of this Tribunal*** **and LTB-L-082848-26 is a *perfect example* of how these tribunals are weaponized against Self Presented Litigants begging for relief from abusive, exploitive not for profit slumlords with nothing but contempt for their tenants and the RTA!**

You watch and observe this criminal conduct with impunity, not impartiality.

The information provided by the landlord for the file You are responding to Shows that the landlord, MHI is liable for any rent not covered by a city of Ottawa subsidy meaning there was never any (legitimate) cause of Action for LTB-L-069155-26.

Fotoula Hatzantoniz is advised in the hearing that the landlord is responsible for roughly $8000.00 in stolen subsidies and that the Application was made ***in retaliation for filing with the SBT*** to recover those stolen subsidies but We can't determine how much is owed because *the slumlord refuses to provide bank verifiable*

receipts and *all receipts they have provided are* ***not a True Record of accounting (fraud)***.

I also complained to You (the LTB as an impartial body), Samar Farhan and Althea Brevett in an email thread that was ***intercepted by the LTB*** who had only been sent the email as an impartial witness to the landlord's contempt and abuse of the tenant, including a complaint regarding *assault causing bodily harm on August 26th. when the tenant complained about being assaulted with a scalding hot coffee thrown at the back of his head* ***as he was leaving community coffee***. *I complain about this abuse to the LTB as it is happening in Real time and You plead ignorance to all of it in the hearing!? That is My issue with You and I have plenty of evidence of all the fraudulent accounting ledgers still on LTB Record. The fraud and theft of money are not facts I need to disclose to You because You have enough evidence to put this landlord away for several years. But You are pretending You don't know that. That is not a judicial body - that is a laundering facility.*

You get into a detailed converse a Sean with Me about how the information could not be added to the file (no One ever asked the LTB to add it to the file, You did that arbitrarily then told Me why it could NOT be accepted) in an email thread that explicitly describes the theft of the subsidy and coordination between OW, Home for Good and the not for profit landlord arguing about who is responsible for paying back the stolen money and continue to plead ignorance of all of this at the hearing? You pretend like the left hand doesn't know what the right hand is doing? Un freaking believable!

Three days later a decision comes in completely ignoring all the fraud, contempt and abuse of process taking place in the email thread You are pleading Willful Blindness to in real time while Hatzantoniz decision neglects to add into the Order that the slumlord Will be ***required to produce receipts by Way of email*** after *Promising to do so,* ***'to reduce friction between the parties'***.

So 'failing' to 'reduce' friction between the parties only '***aggravates***' friction between the parties, an Act of negligence that is causing Me real harm and procedural unfairness in this new file they launched in retaliation for winning the previous application to evict in bad Faith! So Fotoula Hatzantoniz is deliberately, personally liable for aggravating the friction between the parties for failing to Honour the Promise she intended to Write into the Order.

Your (the LTB) failure to administer Justice, Keep Your Word, and advise the slumlord to communicate by Way of email has resulted in another *ambush litigation where the only documents I have received related to* ***LTB-L-082848-26*** *were sent to Me by the LTB on* ***October 20th.*** I'm receiving the first Notice of the cause of Action *a month*

and fifteen days after it has been received by the Tribunal because ***You are not requiring proof of service and ignoring My request to communicate explicitly by Way of email***, despite it being the 'preferred method of communication' by the LTB according to practice direction and website?

You (the LTB) insist on 'ghosting' My request to communicate by Way of email explicitly and the Notice I served You with declining an invitation to the portal for fraud! I Will not participate in the use of the online portal because it has been used to engage in constructive fraud by MHI in previous hearings.

Start Honouring those requests so that I can receive fair treatment at the next hearing and I Will not have to perfect this claim! You conspire with this criminal slumlord *again* to support this new application which is clearly made in retaliation for My journalism and advocacy work and *You Will have a new Divisional Court application to respond to next Wednesday*.

For now, focus on making sure the LTB doesn't launder any further criminal Acts of the slumlord, MHI. Mitigate the damages. MHI is jointly and severally liable to Me for over $137 million for three unlawful arrests over six years in retaliation for My advocacy, vaccination status (I'm proudly unvaccinated) and exposing their theft of public money in concert with Kelly the criminal Kritsch at Home for Good and all member of Ontario Works appear to be complicit in the grift, including Clara Friere. They've been using a fake name and birthday that does not match the name and birthday on the tenancy agreement or official Court Registry to engage in constructive fraud. MHI are allegedly the ones providing the police with the fraudulent identity and fraudulent police reports. Two judges related to these fraudulent arrests have already been fired - Ex-police detective promoted to justice of the pigs, Monelle 'the Villain' Quevillon revoked Order in council Jan. 2026 and Herb the Criminal Kreling who was caught using the Courts as a cloak for fraud and gaslighting My position for a second time, removed (fired) by Order in Council shortly after placing the fraudulent entity on bail.

You allow all this criminality to persist at the next hearing, I Will also be as King for criminal charges to be laid against You in ***Your personal, private capacity*** because I don't believe any One Acting in Good faith pleads '**Willful Blindness**' or **ignorance** to the ***theft of public money and the exploitation of the individuals those funds were Created to Benefit***.

The City of Ottawa called the 'Kickback Scheme' *disgusting* and You (LTB) are responsible for laundering most (or all) of that stolen money simply by pleading ignorance to the theft You have on Record and the corporate landlord's exploitation of vulnerable minorities.

They've been stealing subsidy Entitlements from countless tenants in My community who *don't even know they are Entitled to receive them* and You have an email converse a Sean on the LTB Record related to this file by Kelly Kritsch at Home for Good *conceding to depriving Me of over $8000.00 in subsidies* stating 'she can't compel the city to pay Me what I am owed'. The money is owed by Kelly Kritsch - she's specifically the one who lied about the subsidy for six years!!! And I'm STILL not getting these Benefits now because OW refuses to Honour the Entitlement forms they receive, and the SBT has just ruled they don't have the jurisdiction to make them Give Me the subsidies I am Entitled to receive. You make sense of that, genius! This is 'Your' honourable tribunal, right? A shit show for criminality is what it looks like.

You continue to pretend You don't understand the plain English in this Letter or the money laundering Your tribunal is responsible for and You Will be liable in Your personal, private capacity. When You know that wrongdoing has been done, Your job is to *correct that wrongdoing and make it right* - not defend Your criminal client.

Finally, I am the Trustee and Executor for The Kingdom of Heaven Found a Sean Trust and its Beneficiary, Sean Stephen von Dehn.

So any mail addressed to *Me* should be addressed to *King Sean, House von Dehn* - any mail intended for *the Beneficiary*, *Sean Stephen von Dehn*, should also be addressed to Me because I am his legal and lawful counsel. So it would be to 'Sean Stephen von Dehn', 'Care of' (in the Trust of) King Sean, House von Dehn.

Do You understand? You addressed the letter to King Sean, that is who You are dealing with - I am counsel for the artificial legal person commonly known as Sean Stephen von Dehn. I am not an artificial legal person, I am a natural, Living Man with inherent rights Given Me by God and Acting in My Sui Juris capacity - just to set the Record straight. Let Me know if any of that language is unclear to You.

I know Trust Law is something You public liars posing as lawyers seem to struggle with, so let Me remind You that the powers, rights and immunities of the Trust are ***in addition to those*** provided by the Trustee Act of Ontario which has effect ***subject to the terms and conditions of the instrument constituting the Trust.***

You may Wish to familiarize Your Self with Sections 66-68 of the Trustee Act of Ontario.

I'm also Acting in Service of His Majesty as a Trusted (Honourable) representative of Crown (and why You Will see 'On His Majesty's Service' at the bottom of every email from Me). My job is to make sure the Crown's repute a Sean is not being defamed by

corrupt, criminal adjudicators using the Tribunals to launder public money for slumlord not for profits.

Blessings,

In Good Faith and with Clean Hands
